Made in Canada WALL PAPERS

HAVING SECURED THE AGENCY for the Celebrated Empire Wall Paper Company, Toronto, we are prepared to show samples of paper never seen before and for less money than can be purchased anywhere in Toronto. These are the patent, self-trimmed papers—no trimming to do which saves much time—and are edged to the 1000 part of an inch, which makes matching easy and will aid in people doing their own papering. See our samples, take the size of your room, and we will see you have no waste. Wall, ceiling and borders all to match. Ask to see our Sample Book, take it home and look them over, and all the family will be pleased to have said they helped to select this paper.

The York Choral Red Cross Concert

Much interest is being displayed in the concert of the York Choral Society which takes place on Wednesday evening of next week, in the Methodist Church. Large parties from Aurora, Newmarket, Thornhill, Maple and other surrounding towns have already made arrangements to be present, and no doubt the big auditorium of the Methodist Church will again be filled with lovers of music when Mr. Newton and his choristers present their Third Season's Programme. The assisting artists are Mrs. R. J. Dilworth, who is one of the most prominent Sopranos in Toronto; Mr. Leo Smith, the English Cellist, and Mr. Frank Converse Smith, Violinist, each of whom will contribute a group of solos in addition to taking part in the various ensembles. The accompaniments will be furnished by a String Quintette from the Toronto Symphony Orchestra, with Miss Ethel Dever at the Organ and Mrs. Osmond Wright at the Piano. See the advertisement on another page for additional information.

Is Your House Cold? Or is it a Room That's Chilly?

A Perfection Smokeless Oil Heater will make the room warm and comfortable, and will prove to be a quick and reliable "Chill-Chaser." Can be carried from room to room as easily as a lamp.

And now when coal is so scarce, in fact can hardly be procured at all, one of these convenient air-warmers should prove a boon to the home, office or shop.

The Perfection Heater measures up to its name; the base rim, cone plate and top rim are heavily nickel plated, the upper and lower drums are of polished steel, the fount is of steel, and the top and side perforations allow the heat waves to circulate freely.

The Perfection burner mechanism is so arranged that the flame cannot be turned too high. These heaters may also be burned at night, for should the oil burn out, the flame retires with it.

They are very attractive and an ornament in the home. The prices too, are reasonable—from \$4 to \$5.

The other night one of our customers remarked, "I wouldn't be without my Perfection for twice the price of it." Call to-day and take one home; you'll soon feel the same way.
