

Satisfaction and Preserves

You can preserve with any kind of granulated sugar — and you may get satisfactory results. But why not be sure? Use sugar that you can depend on because of its uniformity.

Fine preserves are produced by the proper blending of sugar and fruit. "Dominion Crystal" sugar will make it easier for you to get uniformly good results.

"Dominion Crystal" will blend with the fruit juices; there will be no "candyng" or crystalizing of the jelly or jam; and the full flavor of the fruit will be developed and preserved.

Other housewives have proved by results that "Dominion Crystal" is the ideal sugar for preserving. The price is right. Try it.

To get satisfaction out of your preserves, put "Dominion Crystal" sugar into them. Order yours now.

RICHMOND HILL, ONT., JUNE 7, 1917

Newton Brook Old-Timers

There is hope for us all. Not only has the singing of the birds come, but the frost and the snow are fading into remembrances, and nature is swelling her breast with resurrection power.

The apple trees are rosy with blossom, and the birds' nests full of young. Soon the old timers will hale from the North and the South, the East and West, clasp hands and recall the days when we all went barefooted, waded in the pools by the roadside, and discovered that the pollywogs had dropt their tails, and the most beautiful little frogs were hopping out of sight as if the world exists for them only.

On the second Saturday afternoon in June, which will be June 9, the people who were scheming 65 years ago to escape a licking for some transgression or misapprehension, will be as happy and care free as if they had never known original sin. They will come early in the afternoon, in autos, on the Metropolitan, in carriages, flying machines, wheelbarrows and on foot, any old way so as to get there. They will bring an old table cloth, with baskets and boxes of eatables, and with the joyousness of early days will meet and greet each other, and be boys and girls once more.

Look out for the Caseleys and Coats and Cummers and Clarks just behind the Andersons and Agars and Bales; the Francis' and Fairs and Flyens and Finches, the Gouldings and Gordons, the Humberstones and Harpers, the Irwins and Iousons, the James' and Johnstons, the Lindsays, Lascelles, and Geo. Lees, Montgomerys, Mc-Brides, Mulhollands and Nicols, Richardsons, Risebroughs, Routliffe and Robinsons, the Streets and the Sankeys, Squire Wilsons and Wetherills and Watsons, Woods and Miss White.

We will find dishes and tables on hand at the church, and Mr. H. B. Schmidt with his committee will welcome us to the "O be Joyful," at Newton Brook church. Do not be shy and wait for an invitation. It is to be Newton Brook, with the minister to say grace at the table, and Dave James in the chair. Newton Brook past, present and future, gentle and simple, one family around the home tree. With smiles and kisses, with jokes and good will, with sympathy and sandwiches, with songs and speeches, and hard boiled eggs, with layer cake and laughter, and those who cannot bake may bring oranges and bananas; and the newspapers will send reporters and salt, and let all your friends know and come along. The assembly will be democratic.

"WHEN BETTER AUTOMOBILES ARE BUILT - McLAUGHLIN WILL BUILD THEM"

THIS appropriate phrase is more than a working motto, more than a stirring slogan—it is a promise backed by performance.

McLaughlin builders have won today's undisputed leadership on a Big Idea—a right principle, rightly applied, the famous McLaughlin Valve-in-Head Motor.

But McLaughlin science, skill and building honesty, is ever ready to make that "better" automobile whenever it can be built.

The constant aim toward the greater service is the way McLaughlin builders prove their appreciation of Canada's endorsement.
