"He Profits Most Who Serves Best"

RICHMOND HILL, ONT., JULY 12, 1917

A few weeks ago, following the general election in Alberta, when the Liberals were returned to power by a large majority, one of Toronto's dailies gave as the principal reason for the result, "the consolidation of the alien enemy vote behind the Sifton Government."

Last week the Liberals were again successful in the Province of Saskatchewan, and the Orange Sentinel at once came forward with an explanation, "the foreign vote was unanimous for Premier Martin."

We believe it is a mistake to be continually talking about "the foreign vote." If the so called "foreign vote" had been cast solidly for the Conservatives it is safe to say the Sentinel would not have entered any protest. The men referred to could not have voted if they had not taken the oath of allegiance. If men are given the franchise surely they must be allowed to exercise their own judgment at election times.

A few evenings ago The Toronto Daily News had an editorial giving several good reasons why newspapers are forced to increase the price of their subscriptions. The News says: "An advance of from 35 to 40 per cent in the raise of paper has placed a heavy additional burden upon every newspaper office in the country and a further advance is anticipated". Similar advances have also been made in inks and other materials that go to make up a newspaper. When all these things are considered we believe that our subscribers will see the necessity of increasing the rate for The Liberal on the first of August.

Race riots broke out in St. Louis, Ill., last week. The negro death roll is said to have reached 100, and property to the value of three million dollars has been destroyed. The rioting followed the importation of negro laborers from the south to work in the local packing houses. The torch had been applied to four negro settlements in the city. The authorities have been asked to take drastic measures to put a stop to the disgraceful outrages. It takes a long time for deep rooted prejudice against the negro race to die out.

**THE LIBERAL \$1.50**

After careful consideration the publisher has decided to fall into line with the Aurora Banner, the Markham Economist, the Newmarket Express-Herald and other newspapers in the County, and raise the rate to

**\$1.50 a Year**

commencing on the

**First of August, 1917.**

The increase of 50 cents a year is made necessary by the rising cost of paper, ink, type, wages, and cost of living.

It was clearly shown at the recent Annual Meeting of the Canadian Press Association that rural weeklies could not be published at a price less than \$1.50.

The publisher believes that our subscribers will see that we are forced to raise our rate, and trusts they will be loyal to their local paper that gives them the news and keeps them in touch with our village and surrounding sections.

Remember the new price will be only 3 cents a week, the value of a postage stamp. Do not forget the date—Subscriptions taken on or after August 1 will be \$1.50 a year.

Be loyal to your home paper.
