You know of course that every industry of any importance has a paper of its own, one to which it gives its united support by way of advertising and subscriptions. Those interested do this that the paper may live and continue to be useful to them by aggressively advocating their interests. You have a paper that for over 23 years has been looking after the interests of the farmer. Have you given it your support? If not, see that you subscribe for the Weekly Sun, Toronto, the farmers business paper, from the present time to 1st January, 1919. It will cost you only One Dollar, but you will find the dollar well and profitably spent.

**Auction Sales Season Coming**

Farmers, in soliciting your sales, I do so, not with a view of beating any other man out of them, but because it is my special profession. Having been a farmer for years, knowing stock and values, (grade or pedigree) knowing how to describe stock and values, having conducted many hundred farm and stock sales, having made a world's record, and having "given to the world its greatest auction work," I can—and I submit grounds for the claim—get you more money from a sale than any other man in the business.

Your Sale is dollars to you. Why not get the most of them?

Write or see me.

There was a spirited contest, and many good points were taken, but after summing up both sides, the judges, Rev. J. Wellwood, Rev. R. McKee and T. F. McMahon, gave the decision in favor of the negative.
