Auction Sales
Season Coming

Farmers, in soliciting your sales, I do so, not with a view of beating any other man out of them, but because it is my special profession. Having been a farmer for years, knowing stock and values, (grade or pedigree) knowing how to describe stock and values, having conducted many hundred farm and stock sales, having made a world's record, and having "given to the world its greatest auction work." I can—and I submit grounds for the claim—get you more money from a sale than any other man in the business.

Your Sale is dollars to you. Why not get the most of them?

Write or see me.

Necessary Farm Equipment

MORE and more the Ford car is looked upon by progressive farmers as necessary farm equipment, the same as the plow, the hay-rake, the drill, the mower, the harrow and other labor and time-saving machinery.

A farmer with a Ford car can dispense with one or two of his horses and make the trips to town, railway station, creamery, or to the neighbours in one-third the time. In fact there is no farm machine made that will save the busy farmer and his busy wife so much valuable time as a Ford. And it's so easy to take care of—far easier than a horse. No bed to make, or hay and oats to get, no harnessing and unharnessing, and no stables to clean. The Ford practically takes care of itself.

Ask any farmer who owns a Ford if he would ever again try to get along without it. His answer will hasten your decision to own one.

Touring . . . \$495
Runabout . . . \$475
