That Dodd's Kidney Pills Cure Rheumatism.

Harold D. Bertram Had Inflammatory Rheumatism and One Box of Dodd's Kidney Pills Cleared It Out of His System.

Southampton, Ont., March 25th—(Special)—That rheumatism is caused by disordered kidneys and that Dodd's Kidney Pills will cure it is again proved by the case of Harold D. Bertram, a young man well and favorably known here. He had inflammatory rheumatism for two months. Dodd's Kidney Pills cured him.

"The doctor said my trouble started with the gripe," Mr. Bertram states. "My hands and feet were badly swollen and the doctor did not seem to be doing me any good. My grandmother, Mrs. G. Grasser, advised me to take Dodd's Kidney Pills. I took one box of them and I haven't been bothered since. I am clear of the rheumatism."

That Mr. Bertram's trouble came from his kidneys is shown by his other symptoms. He had stiffness in the joints, was tired and nervous, and there were flashes of light before his eyes. He had a dragging sensation across the loins, was always thirsty and felt heavy and sleepy after meals.

Rheumatism is caused by uric acid in the blood. Cured kidneys strain the uric acid out of the blood. Dodd's Kidney Pills cure the kidneys.

TO MAKE A MAGIC BOAT.

An Interesting Experiment for the Small Boy to Make.

The surface of all water is covered by a film of the water itself, which in its action is not unlike that of a thin sheet of india rubber. To comprehend this one must imagine the rubber to be transparent. The surface of the water itself is so elastic and under tension, so that a needle, though heavier than the water, may be floated on the surface.

Several interesting experiments may be made with the elasticity of this film. One of the best is to place two slender splinters of wood side by side on the water. Now drop a little alcohol between the splinters. This alcohol will immediately break the surface film between the splinters, and the pulling force of the remaining film, since there is nothing between to hold them, will cause the splinters instantly to fly apart.

Another interesting experiment is to whittle a thin, slender splinter, pointed at one end somewhat like a boat. Place a tiny bit of gum camphor on the rear of this splinter and the gum will destroy the surface film so that there will be no pull in the rear. As there is a pull in the front not balanced by one in the rear, the tiny boat will run forward as rapidly as the camphor can dissolve the film in the rear.

Some interesting little "magic tricks" might be developed from these experiments which would surprise and instruct friends.

Nothing will take the place of sunlight for a vegetable garden. Don't try to raise crops under trees. The shade is bad, and the roots of a tree, spreading as far out as the crown spreads, "wolf" the moisture that the vegetables need.

The Old Sugar Bush.
Let me sing of the March wind in the maples,
The frost and the snow and the flaming sun—
Hear the tinkle of the drops in the bucket
That tells of a bountiful sap run!
Tender wind, in the high tops of the maples,
Wise sun playing havoc with the snow,
You speak to me with voices soft and gentle,
Of pleasures that were mine long ago.

The breezes brought a whisper from the Southland,
Summoning the sulky soap to rise—
And the blue in the sky above the hilltops,
But echoed my little sweetheart's eyes.
There was happiness in sweet sunny corners,
That even a cynic could not miss—
And the syrup in the simmering kettles
Was sweet as my little sweetheart's kiss!

As sweet—and yet as far from my possession—
Empty memories of days far done,
Return to me these wooing Spring-like mornings,
Telling of the olden-time sap run.
The sugar bush, its buckets and its fires,
The shy little kiss my sweetheart gave,
Are as far and as faint as fading snow-wreaths
That lie on my little sweetheart's grave!

THE ONLY MEDICINE FOR LITTLE ONES

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Their use teaches her they are absolutely safe; that they never fail to give relief and that the little ones do not dread taking them as they do castor oil and other harsh purgatives. Concerning the Tablets Mrs. John M. Weaver, Blissfield, N.B., says:—"I have used Baby's Own Tablets for the past ten years and have found them so good I always keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Germans Salute British.
"During my first few days in Lucerne I had an experience that was humorous and seemingly anomalous until I got an explanation," said a Red Cross worker who returned recently to the United States. "The mountain republic is filled with interned soldiers from both sides, and I went about a good deal with a British officer in charge of many British prisoners. 'Is he a German?' civilians whispered to one another as we walked to our hotels. The Britisher was literally bombarded with salutes from German soldiers, and at the outset it became embarrassing for him. But his embarrassment could not continue long, as the salutes were too frequent. Soon he was acknowledging them as mechanically as if he had been walking through the streets of London. 'The matter was made plain to me when later I found out that it is the rule in Switzerland that soldiers of all armies salute officers of all armies. German discipline did the rest.'"

"They put me in barracks," wrote a young soldier to his parents: "they took away my clothes and put me in khaki; they took away my name, and made me 'No. 575'; they took me to church, where I'd never been before, and they made me listen to a sermon for 40 minutes. Then the parson said: 'No. 575, Art thou weary, art thou languid?' and I got seven days in the guardhouse because I answered that I certainly was!"

Cause of Early Old Age

The celebrated Dr. Michenhoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

A Boy That Laughs.

I know a funny little boy—
The happiest ever born;
His face is like a beam of joy,
Although his clothes are torn.
I saw him tumble on his nose,
And waited for a groan—
But how he laughed! Do you suppose
He struck his funny bone?

There's sunshine in each word he speaks,
His laugh is something grand;
Its ripples overrun his cheeks
Like waves on snowy sand.

No matter how the day may go,
You cannot make him cry;
He's worth a dozen boys I know,
Who pout and mope and sigh.

Profiteering An Old Crime.

Profiteering in necessities, which has been revealed in all degrees of baseness since the beginning of the war is one of the worst crimes, according to the Bible and other ancient writings. Bunyan showed that it was one of the banes of his time, and Pepys told of the sacking of storerooms by the hungry English populace as the speculators held back supplies for higher prices when the people starved.

"There's a Reason"

Dangerous Gas and Acids That Hurt The Stomach—Sour The Food Cause Dyspepsia, Indigestion

Recommends a Safe Way to Treat Stomach Trouble At Home

Many stomach sufferers who are always full of gas and whose stomachs burn with acid after nearly every meal think these things are the RESULT of indigestion when in reality they are the CAUSE. It is just as foolish to give artificial digestants such as peppin, etc., to a stomach full of gas and acid as it would be for a man who had stepped on a tack to rub liniment on his foot without removing the tack. Some stomachs generate too much gas and acid. Gas distends the stomach walls, causing a full, bloated, oppressive feeling while the acid irritates and inflames the lining of the stomach. Naturally the food ferments and sours, digestion is often delayed and stomach misery is the result. Artificial digestants will push this

sour, fermenting mass into the intestines and so relieve the stomach pain but the acid still remains in the stomach to generate more gas and produce more trouble at the next meal.

If you are using digestive aids after meals drop them for a while and instead get a few 8-grain tablets of pure bisulphated magnesia from any druggist and take two with each meal. Bisulphated Magnesia does not digest food but will neutralize the excessive acid in your stomach, keep the food sweet and will drive the gas and bloot right out of your body. As Magnesia is prepared in various forms be sure to get Bisulphated Magnesia for this purpose as it is not a laxative and in this refined form will not injure the stomach in any way.
