Corporal F. P. Jackes Killed in Action

Another of York County's finest types of young Canadian manhood, in the person of Corp. Franklin Palmer Jackes, B. A. Sc., only son of F. W. and Mrs. Jackes, of Thornhill has made the supreme sacrifice somewhere in France on April 18. Corp. F. Jackes enlisted with the 257th Battalion on Jan. 22, 1917; left for overseas in February, and was in active service in France inside of six weeks from the time of his enlistment. In September last he received special mention in regimental orders as a result of gallant conduct in the face of the enemy. On that occasion he, with five others carried out a dangerous and extensive survey under and in the vicinity of shell fire. In a letter written by him in April he speaks of another daring expedition which he and several other men carried out into dangerous territory, either to rescue or destroy a train of supplies which was abandoned in the retreat. In this they were successful. Corp. Jackes was a graduate of the School of Practical Science, and the warm place which he held in the esteem and affection of his fellow students is shown in the following

quotation from "Torontonensis". "A heart to resolve, a head to continue, and a hand to execute."

"F. P. Jackes, who has proved himself one of York County's brightest sons, was born in Markham Township in Jan. 1888. At an early age he attended public school at the village of Thornhill. He obtained his junior leaving and matriculation certificates at Richmond Hill High School in 1906, whereupon he began his career at the S. C. S. "Frank" was always a good sport, playing soccer splendidly and was one on whom we always could rely, both for his genial temperament and straight forward manner. From his liking and ability for electrical engineering we are looking forward to seeing a second Edison."

Corp. Jackes had a high sense of his duty as a Canadian citizen, and a British subject in this time of his country's need. One of the happiest days of his life was that on which he enlisted and donned the khaki to do "his bit" for the maintenance of everyone that he held dear. "Greater love hath no man than this, that a man lay down his life for his friends."

He has proven himself to be worthy descendant of two of York County's pioneer families. His great grandfather, Franklin Jackes, was the first warden of the County; and his grandfather on his mother's side was the late Thomas Palmer of Richmond Hill.

F. W. and Mrs. Jackes and family have the sincere sympathy of a host of friends.

On Sunday morning, May 12th, at 11 o'clock, a memorial service will be held in Trinity Church, Thornhill, of which Corp. Jackes was a member.

No Use For Booze

To the Editor of The Liberal,
Richmond Hill, Ont.

Dear Sir:—

Your Editorial "An Insinuation" in issue of April 25th, leads me to believe that you are very broad in your latitude and the freedom you would give those people who report does say "have made ample provision for the emergency of sudden sickness when a wee drop is considered necessary."

Booze of any kind should have no place in the home of any sincere believer in prohibition. It is not an essential to good health, rather the reverse. There are many first aids that could be kept on hand for emergency calls instead of the convenient Booze bottle, and it is easy to jolly one's self into believing that a wee drop is necessary, especially when it is conveniently near.

I doubt, however, very much if any "ardent" prohibitionists are so providing themselves. More than likely the exchange that you quote had in mind a desire to square accounts with some one and the reflection on others was to say the least unkind.

Ardent prohibitionists are either people who never have acquired the habit of keeping it on hand or seeing the curse of booze are devoting their energies to getting rid of it. Hypocrites there may be but don't call them "ardent prohibitionists", get them properly classified, and here's hoping that the time will come when the wee drop they get will be so wee that it won't hurt them.

Respectfully,

C. R. STOREY,

Brockton, Mass.

Co., St. Catharines, Ont.

"Woe unto you that are full, for ye shall hunger."

Luke 6: 25.

Not spiritually (although even the penalty of remorse may follow your neglect of this national warning) but ye shall hunger in the trying physical sense in which hunger now grips the peoples of Europe.

We know "it is difficult to talk to the belly which hath no ears," and it is just as difficult to persuade a person who has a full dinner before him to-day that he may want for food next month.

But you may as well let this fact sink into your mind—the last people that Canada and the United States will allow to suffer for want of food are our fighting men, and if a sufficient exportable surplus of food cannot be raised and saved by voluntary efforts, then very drastic rationing measures will be enforced.

It may astonish you to learn that in 1917 Ontario did not grow enough wheat for its own needs. Consequently every Ontario farmer

whose land is suitable, has been urged to sow 5 acres more spring wheat this year so that Ontario's demand for wheat shall not be met at the expense of that portion of the Western crop that should more rightfully be shipped overseas.

For this same reason every householder who has a garden or a piece of vacant land is being urged to grow vegetables, because the more vegetables that are grown and eaten in Ontario, the less wheat and meat there will be consumed, and that being so, the Ontario wheat crop should then be sufficient to feed our own people, and leave more Western wheat and other foods available for export.

If you have not yet decided to plant a vegetable garden make up your mind to do so now. You will not regret it. There is still lots of time. Potatoes and beans may be planted up to June 1st and these are the best substitutes for wheat and meat.

For good, practical advice upon how to lay out and cultivate a Vegetable Garden, write for a free copy of the booklet entitled: "A Vegetable Garden for Every Home." This has been prepared by the Ontario Department of Agriculture for the guidance of citizens who will respond to this call for increased production.
