

MAPLE

The monthly meeting of the Women's Institute was held last week at the home of Mrs. H. Rumble. The members have given a shower of soldiers' comforts for the Toronto branch of the Queen Mary Needlework Guild, and the articles are to be sent to Queen Mary for distribution among the soldiers.

Mothers' Day was observed by suitable services on Sunday. Many flowers were worn in memory of the mothers.

On Tuesday evening of last week a reception was held at the home of Mr. and Mrs. D. B. Brown when a large number of their friends were present. The evening was spent in social intercourse with speeches by many of the guests. Mr. and Mrs. Brown were presented with a purse of gold in honor of their golden wedding.

Mr. and Mrs. W. Park are moving into their new home near the station. Mr. W. White and family have moved into the house lately occupied by Mr. E. Lahmer.

Mr. E. W. Swaenisse, Teller in the Standard Bank, left on Monday for the United States having been transferred there to take up duties as a soldier.

Mr. J. T. Saigon is acting on the Grand Jury in Toronto.

HEADFORD

An entertainment and box social in aid of the Headford Red Cross was held last Monday evening by the girls. The sale of boxes amounted to the handsome sum of \$57.05. The boys are to be congratulated for their generous bidding. We are pleased to know that everyone is anxious to help as the cause is a worthy one.

A few weeks previous the girls made a quilt which was auctioned off, and the splendid sum of \$35.00 was realized for it.

News Notes

Mr. F. W. Silvester was elected to the Presidency of the Stouffville Board of Trade on Saturday, when it was also decided to join Markham village and township, should the latter decide to get a supply of power from the Toronto & York Radial Railway, it being found impossible to get the Hydro System to extend to Markham and Stouffville.

Necessary Farm Equipment

MORE and more the Ford car is looked upon by progressive farmers as necessary farm equipment, the same as the plow, the hay-rake, the drill, the mower, the harrow and other labor and time-saving machinery.

A farmer with a Ford car can dispense with one or two of his horses and make the trips to town, railway station, creamery, or to the neighbours in one-third the time. In fact there is no farm machine made that will save the busy farmer and his busy wife so much valuable time as a Ford. And it's so easy to take care of—far easier than a horse. No bed to make, or hay and oats to get, no harnessing and unharnessing, and no stables to clean. The Ford practically takes care of itself.

Ask any farmer who owns a Ford if he would ever again try to get along without it. His answer will hasten your decision to own one.

THE UNIVERSAL CAR
