Auction Sales Season Coming

Farmers, in soliciting your sales, I do so, not with a view of beating any other man out of them, but because it is my special profession. Having been a farmer for years, knowing stock and values, (grade or pedigree) knowing how to describe stock and values, having conducted many hundred farm and stock sales, having made a world's record, and having "given to the world its greatest auction work," I can—and I submit grounds for the claim—get you more money from a sale than any other man in the business.

Your Sale is dollars to you. Why not get the most of them? Write or see me.

J. R. LONG, Auction Specialist, 599, Yonge St. Toronto.

Every Farmer Needs a Ford

THE Motor Car is a greater convenience to the average farmer than the telephone, the rural mail or even the grain binder.

The binder which is considered as a very useful implement is rarely used more than a few days during the entire year. The rest of the time it stands idle, taking up space, while the automobile is available for use throughout all seasons, and both day and night.

It is ever ready to run down the lane to the back field or the pasture with a parcel or a message, or take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon whenever anything is wanted in a hurry. It is the most useful implement or convenience for the farm. It helps you conserve your energies and time for productive work and enables you and your family to accomplish more with less energy. You surely feel the need of a Ford. Why not order one today?

All prices subject to war tax charges, except trucks and chassis
