Thrift in the Schools

Weston, March 22, 1919.

It may be of interest to the public to know what the schools of West York are accomplishing along the line of thrift in these times when the practice of saving is especially so necessary. The Minister of Education is strongly urging the teaching of Thrift in the schools, and more strongly urging its practice. Boards of Education, Trustee Boards, and teachers should undertake the work, at once, if not already begun and place it on a properly organized basis. As far as I am concerned it is my aim to have every school systematically practising thrift within the next few months, either through the Penny Bank or by the purchase of Thrift or Saving Stamps.

Teachers here and there are beginning to secure results through the War S. S., but concerted action is needed. The following schools have had the Penny Bank established for some time: Silverthorne, New Toronto, Swansea, King George, Lambton Mills and George Syme. The report of the Penny Bank before me for January and February shows that the first four of these stand ahead of all other schools in the Province in the average monthly deposits made by each pupil, Silverthorne having to its credit an average monthly deposit per pupil of 136 cents. These schools deposited over \$1500 during the month of Feb. New Toronto's figures are given by themselves: January deposit, \$216.83; February, \$203.10.

We are missing a great opportunity if we are not teaching practical thrift.

A. L. CAMPBELL,
P. S. Inspector.

JEFFERSON

Mrs. Harry Legge, who has been staying with her daughter, Mrs. P. C. Hill, of Richmond Hill, all winter, has returned home. Her many friends and neighbors of Jefferson are pleased to learn that she is nearly recovered from her long illness which she contracted last September, and are glad to welcome her home again.

MAPLE

The monthly meeting of the Women's Auxiliary was held on Wednesday of last week at the home of Mrs. Rontley. After the devotional and business part of the meeting refreshments were served.

The creamery and other property belonging to Mr. R. Mispole have been purchased by Mr. D. Kaplan, and will be used as a cheese factory.

Mr. H. Snider is leaving here to stay with relatives in York Township, and has rented his house to Mr. R. Healey.

For a long time some of the boys have taken delight in teasing and playing practical jokes on humble individuals in the village. This is not manly and should be stopped.

THORNHILL

The regular meeting of the Horticultural Society will be held on Tuesday, April 1st. The subject will be "The Vegetable garden, its cultivation and care, and the best varieties for home use," illustrated with lantern slides. Now is the time to prepare for spring. Everyone is welcome. Victoria hall, April 1st, at 8 p. m.

Dominion Chautauqua Festival

**Built like an army tank—
that's why the Cleveland is so efficient!**

THE ability to travel over almost any soil—that's why the Cleveland always stays at work. That's why it gets so much work done.

And it is small enough to turn around in the corners—to get into the farm lots—saves the waste ground that can't be reached by the ordinary tractor.

Yet there is sufficient power and speed to enable it to get a great volume of work done. Pulls a two-bottom plow—at a speed of 3½ miles per hour in medium soil. Plows 8 to 10 acres per day.

Easy to operate—economical on kerosene—the Cleveland is a tractor for any farm. Thousands are now in use—building profits—making farms more productive.
