Life Insurance

And What It Means
To Your Estate and You

You simply place a stated amount annually into insurance to come back to you in 10, 15, 20 or 25 years, as the case may be. While saving this you also protect your Estate or your Family to the extent of \$1000 or more, according to the amount you wish to save. This takes effect after you place the First Deposit with the Confederation Life. There are many reasons why one should protect their Estate and Family, and no reason why you should not. Insurance is within the reach of all, no matter how small their wage or salary. Information can be had and cost nothing. Get something for nothing!

Mrs. John B. Crook of Vaughan, whose husband died so suddenly, wishes to thank the friends and neighbours for flowers, and other acts of kindness, in her recent bereavement. It is hard to part with those whom we love, but the affliction is lightened by kindness and sympathy.

Fined.

The Village Inspector laid a complaint against the Maple baker for selling bread below the standard weight. The case came up yesterday before magistrates Sanderson and Nicholls. The evidence went to show that ten loaves averaged 3 ounces under weight. The baker pleaded "not guilty", and said the scales might not be correct. The fine imposed was \$10 and costs.

A Chinese Doctor

is not paid while his patients are sick. He is only paid to keep them well.

We write fire insurance on the same principle—that prevention is better than cure. The premiums you pay on a Hartford policy buy more than indemnity in case of loss. They buy advice on fire prevention.

You can get through us, every help in that direction that the Hartford Company has developed during the 108 years it has been studying fires and their causes.

It will pay you to inquire into this service.
