

## Buy the Bride a Brunswick

**B**ECAUSE of its tone superiority; its ability to play correctly every make of record and the unrivalled beauty of its cabinet work, the Brunswick is an ideal wedding gift.

With a Brunswick in their home the Bridal Couple have at their instant command all the world's music—played exactly as it should be played.

The Brunswick's exclusive method of reproduction includes the wonderful all-record, all-needle Ultona and the Round All-Wood Horn.

### MADE IN CANADA

and a Brunswick product entirely—one of the few "truly Canadian-made" phonographs which are built wholly by one factory organization.

Let your ears be the judge—hear the Brunswick play any make of record at your nearest Brunswick dealer's.

## INDIANS SEEDING 500 ACRES PER DAY

Hope to Reach 10,000 Objective by End of Week.

A despatch from Regina says:—Seeding on the greater production farms in Saskatchewan operated by the Department of Indian Affairs, is proceeding at the rate of 500 acres a day, according to reports to reach W. M. Graham, head of the department for the Prairie Provinces, with headquarters in Regina. One-half of the 10,000 acres is to be reached by the end of next week.

The Indians on reserves in Southern Saskatchewan expect to have 20,000 acres in wheat. Their operations are entirely separate from the greater production farms. They are away to a fine start, and expect to finish next week.

Operations on the big farms have been handicapped to a certain extent owing to the amount of moisture in the land. Traction engines could not be used and all the work up to date has been accomplished by horse-power.

## Dept. of Agriculture Wages War on Grasshoppers

Ottawa, May 16.—Federal agents of the Department of Agriculture are planning to wage war on mosquitoes this summer, particularly in the Fraser Valley fruit districts of British Columbia. Last year this pest seriously hampered the work of berry-pickers during the harvest season.

For its attack on the grasshopper plague the department has ordered 2,000 tons of bran, nearly 100,000 pounds of arsenic, and 50,000 gallons of syrup. Between two and four grains of arsenic is sufficient to kill a human being, the departmental experts say.

## Plan to Raise the Lusitania.

A despatch from London says:—Great interest in shipping circles centred around the statement that an attempt will be made to raise the Lusitania. A well-known salvage firm is mentioned as likely to undertake the project.

## The Macartney Machine Milker Is Fool Proof

There is no complicated machinery to the Macartney Machine Milker, in fact it is a *marvel of simplicity*. It only needs ordinary care and it will not get out of order.

Besides being so simple, the Macartney Milker is perfectly natural in operation, there is nothing about it to irritate the cow, in fact its use is greatly preferable to the old method. Hand milking at best is only poor imitation of the calf's way of taking the milk. The Macartney Machine milks exactly as the calf sucks—that's why it is called "The Cow's adopted child."

The Cow's Adopted Child

## Increase Your Milk Production

More milk per cow is invariably the result where the Macartney Milker is installed. It is not a matter of great expense and the Macartney soon pays for itself for it does the work in half the time and effects a great saving in Labor cost.

Fill in the attached coupon and let us send you full particulars. Get this information anyway for future use and don't buy a milker without investigating the exclusive features of the Macartney.

## MANX M.P.'s WON'T PERFORM DUTIES

Because Governor of Island  
Raised Policeman's Pay.

London, May 16.—A humorous situation has arisen in the House of Keys, Isle of Man, the smallest British self-governing possession.

The members of the little Parliament refuse to meet to perform their legislative duties as a protest against "injured prerogatives." Trouble arose because the Governor of the island, a

nominee of the British Government, increased the weekly payroll of the Manx policemen without consulting Parliament.

The deadlock, which persuasive powers from many quarters have failed to remove, has reached the ears of King George, who is personally interesting himself in the situation.

The King will probably visit the island shortly for the first time during his reign.

Applause is the end and aim of weak minds.

## Canada-West Indies Reciprocity Scheme

London, May 16.—A big scheme for reciprocity between Canada and the West Indies is eventuating. Col. L. S. Amery, Under-Secretary of the

British Colonial Office, is sailing for Canada. A settlement of the question on the spot is considered necessary owing to the present somewhat involved position regarding the regulations with the West Indies.

# CHATHAM PLANTS OF GRAY-DORT MOTORS LIMITED

## You Can Buy the Best Gray-Dort Ever Built

**T**HE Gray-Dort which your dealer has to-day is the best Gray-Dort ever built.

More than that. It is the greatest Gray-Dort value.

For \$1,465 you get a Gray-Dort with ten major improvements and a dozen refinements.

With a bigger gas tank, placed in the rear, with a new, extra-heavy, extra-safe steering gear. With the emergency brake on a lever—and with Thermoid brake linings.

A more convenient Gray-Dort, the side

curtains opening with the doors, with very much more leg-room in the tonneau and with more in the driving compartment because of the shorter and smarter cowl.

A Gray-Dort which has the good-looks of a smarter top, hand-tailored in our own shops, a smarter hood, with many long, narrow louvres.

There are many more refinements which you will find when you drive the new Gray-Dort.

Here you have the same powerful, finely-built motor with its big bore and long stroke. The same heavy crankshaft, many pounds heavier than on other light cars.

A rear axle built specially for us right here in Chatham. Long springs, built here, too. Westinghouse starting and lighting. Improved Carter carburetor. Every unit of motor and chassis is bigger and stronger and higher quality than is usually considered for light cars.

Gray-Dort production has been doubled for this year. But our dealers tell us that this will not be sufficient to meet the demand. It would be wise to see the Gray-Dort dealer to-day.

### PRICES

5-Passenger Car—\$1465, f.o.b. Chatham, war tax extra.  
2-Passenger Roadster is the same price.  
Gray-Dort Special—\$150 extra on the standard.  
Gray-Dort Ace—\$255 extra on the standard.
