

PRINCE JOACHIM DIES BY OWN HAND

Youngest Hohenzollern Shot Himself at Potsdam.

Berlin, July 18.—Prince Joachim of Hohenzollern, youngest son of former Emperor William, committed suicide to-day in Potsdam.

Later advices say Prince Joachim shot himself Saturday in his residence, the Villa Leignitz, Potsdam. He was removed to St. Joseph's Hospital, where he died a few hours later.

Joachim recently had been suffering from great mental depression.

He is believed to have been in financial straits.

The only member of the former Imperial family now in Potsdam is Eitel Frederick, the former Emperor's second son.

Prince Joachim was born December 17, 1890, in Berlin. He served during the late war on both the Western and Eastern fronts. During the first year of the war he was wounded in the fighting in France. When he recovered he was transferred to the Russian front, where he had several narrow escapes from capture, and afterwards suffered a serious illness.

After the defeat of the Germans there were rumors that Emperor William would abdicate in favor of Joachim. The Prince was married in 1916 to Princess Marie Augustine of Anhalt, who then was just seventeen years old. A despatch from Paris early in the present year said Joachim had brought a suit for divorce.

PLANS TO RECRUIT HARVESTERS FOR WEST

40,000 Hands Needed For Three Prairie Provinces.

Ottawa, July 18.—At an important conference between representatives of the passenger departments of the Canadian National and Canadian Pacific Railways and the Minister and officials of the Department of Labor, the question of recruiting and transportation of labor for the Western harvest was discussed.

Through the employment service a careful survey of the labor requirements for the harvest was made, and it appeared that about 40,000 harvesters would be needed, of whom probably 10,000 could be secured through the offices of the employment service in the Prairie Provinces and British Columbia. An effort would be made to recruit the remaining 30,000 in the East. Of this number, 13,000 will be required for Manitoba, 15,000 for Saskatchewan and 20,000 for Alberta. It was agreed at the conference that harvest excursions will be despatched West from all the Eastern Provinces in order to distribute the burden of supplying this volume of labor over all parts of the East as evenly as possible.

LEAGUE ISSUE HAS COX'S SUPPORT

In Accord With Pres. Wilson on League of Nations Question.

Washington, July 18.—Governor James M. Cox to-day assured President Wilson that if elected he would do everything within his power to carry out the promises which the President had made relative to the League of Nations issue.

This assurance was given by the Presidential candidate, in the conference which Mr. Wilson had with him at the White House, this morning, in which Franklin D. Roosevelt also participated.

"What he (the President) promised," Governor Cox declared, "I shall, if elected, endeavor with all my strength to give."

President Wilson announced in his formal statement that he had confirmed what he already knew, that Governor Cox and he "were absolutely at one with respect to the great issue of the League of Nations, and that he is ready to be the champion in every respect of the honor of the nation and the secure peace of the world."

The President's statement gave the definite assurance that "Governor Cox will have the vigorous support of an absolutely united party," and declared the President's confidence also in an absolutely united nation.

Manitoba Poem Prize Goes to Ontario Girl

A despatch from Winnipeg says:—Miss Frances Beatrice Taylor of 128 Mill street, London, Ont., has been awarded first place in a poem competition held by The Manitoba Free Press in connection with the fiftieth anniversary of the Province of Manitoba. The competitors were required to deal with the Province's jubilee. The first prize was \$50. Rev. Dean Coombes of Winnipeg won second prize, and third money went to A. H. Sutherland of Winnipeg.

It is Dangerous to Use Counterfeit Parts for the

Ford

BY allowing your garage man to use imitation parts in repairing your car you not only invite repeated repair bills and more serious breakdowns, but you actually endanger your own life and the lives of others. Cheap and inferior parts used in connection with the steering control are liable to cause accidents of a very serious nature.

You Risk Your Life When You Use Imitation Spindles

In a recent test the tensile strength of the genuine Ford Vanadium Steel spindle arm was found to be over 100% more than that of the counterfeit machine steel part. The arms were submitted to shock, and the counterfeit arm broke at a pulling force equivalent to 11,425 pounds applied to a cross section. The same pulling force applied to a corresponding cross section of a genuine Ford spindle arm did not even change its original size or shape. In order to separate the genuine spindle arm it was necessary to apply a pulling force of 25,000 pounds.

The spindle arm is one of the vital parts entering into the control of a car, and by using spurious parts in such places, Ford owners are risking lives and property.

You are merely protecting yourself and avoiding repeated repair bills when you demand genuine Ford parts.

GRAIN ACREAGE LOWER IN CANADA

Slight Decrease From 1919 Shown by Government Statistics.

A despatch from Ottawa says:—The acreage sown to wheat, including fall wheat, in all Canada, is now estimated at 17,186,300 acres, which compares with 19,125,968 acres, the final estimate for 1919, and represents a decrease of 10 per cent. Spring wheat according to the estimate of the Dominion Bureau of Statistics, occupies this year 16,446,000 acres, or 11 per cent. less than last year. Fall wheat acreage this year is 740,300 acres, an increase of 10 per cent. over last year. Acreage in oats has increased 4 per cent. from 14,952,114 to 15,555,400 acres. Barley is sown on 2,588,000 acres, or 2 per cent. less than last year; rye, 729,500 acres, or 3 per cent. less; peas, 2,588,000 acres, a decrease of 3 per cent.; mixed grains, 909,350 acres, an increase of 1 per cent; hay and clover, 10,409,150 acres, decrease 2 per cent.; alfalfa, 229,300 acres, increase 1 per cent. The area in potatoes is 819,000 acres, practically the same as last year.

GREEKS CAPTURE TOWN OF BRUSSA

Advance Forces Sweeping Far Past Historic City.

A despatch from Smyrna says:—An official communique issued from Army Headquarters on Thursday says that the advanced guard of the Greek forces has reached a line 15 kilometers beyond Brussa.

"We annihilated the enemy entrenched in the region of Brussa, capturing all his artillery," the statement adds.

A despatch from Constantinople says:—Major Venizelos, son of the Greek Premier, commanded the artillery of the Greek forces which recently entered Brussa.

As the Greeks approached the city the Nationalists waved a white flag, but treacherously killed a Greek who was sent to confer with them. Thereupon, Major Venizelos ordered the artillery to open fire, killing many Turks and quieting all opposition, so that the Greek flag was hoisted speedily over the Town Hall of the most historic city of the Osmanlis.

The Prairie Provinces have an estimated area sown to wheat of 15,771,000 acres, against 17,750,167 last year, a decrease of 10 per cent. Manitoba has 2,687,000, against 2,880,301 last year; Saskatchewan, 9,440,000 acres, against 10,587,363; Alberta, 3,644,000 acres, against 4,282,386 acres last year.

Manitoba celebrated her fiftieth birthday on July 15. She entered the Confederation in 1870. The anniversary was marked by the formal opening of the completed Provincial Parliament Buildings.
