TEETZEL BROS.

Many of our citizens are naturally asking the question, "What is being done relative to a better water system for Richmond Hill? The question of water works has been before us for a long time, but up to the present no definite scheme has been arrived at. We have been extremely fortunate in the matter of fires, but nobody knows when a blaze will take place. Would it not be well for the Village Council and Ratepayers' Association to get together and see if a reasonable proposition can be laid before the citizens? Let us remember the adage, "It is too late to lock the stable door after the horse has been stolen."

In the North-East Toronto election on Monday Major Lewis, Conservative, was an easy winner over his three competitors. Major Kippen ran second, Mr. Higgins third, and Mr. Galbraith, of course, also ran. The total vote polled was very small, compared to the number of eligible electors.

We stated in The Liberal last week that little damage was done in the Village on Halloween. It was reported at the meeting of the Board of Education that the basket ball posts at the High School had been torn down, as well as other damage to property. The Village Council gave notice that parties damaging property would be held accountable. A little detective work might easily discover the culprits. Even if there was no punishment, no honorable boy or young man would acknowledge he would be so mean as to tear down the goal posts at a school. Why do they do such mean tricks?

The Canadian Red Cross Society is observing Armistice Week by a nation-wide appeal for assistance to the plague-stricken sufferers of Europe. The need is great, and in no better way could Canadians record their gratitude for victory and the overthrow of autocracy than by responding generously to this call. No doubt in most towns and villages at 11 a. m. to-day flags will fly from schools and other public buildings, and factories will close for two minutes in gratitude for the event. All this is right but it does not fill the needs of suffering humanity.

GORMLEY

The farmers of this vicinity are busy gathering in their turnips, which are such an abundant crop that they can hardly find room for them.

The high esteem in which the late Geo. Forester was held was manifested in a practical way last Sunday, by the large crowd that met to pay the last tribute of respect.

John Sider has purchased a lot from D. H. Doner and has commenced to build on it.

Josh Lehman has got back on the old job again, carrying mail on R. R. 2 the ancient mail carrier has taken up bridge repairing and says there is more in that.

Walter Foster, one of our section men, has bought the house and lot of Mrs. Fanny Baker, and moved into it. Mrs. Baker has bought on Centre St., Richmond Hill.

Chancy Conner, another section man, has bought Mrs. Catherine Wideman's house at Old Gormley, and moved into it. Mrs. Wideman expects to go to her sons in Minnesota next spring, and live with them.

Any person wishing to see a fine display of apples should go to Chester Stoutenburg, of Victoria Square. He has about 350 barrels of spies, baldwins, belle flowers, greenings, talman sweets, snow apples, yellow pippins, orange pippins, rainbows and spitzenburgs.

Mr. W. H. Lever has sold his 80 acres to Henry Steckley, and has bought Schmidt's grist mill on the lower town line.

Levi Schell and J. H. Heise are busy beautifying many homes with a fresh coat of paint.
