Give The Brunswick

—More Than Mere Phonograph

BASE your decision on the quality of the tone and you'll surely choose rightly. Your selection, like that of unnumbered thousands, will be The Brunswick. Not because we say so, but because a demonstration on this super instrument will convince you.

By the Brunswick Method of Reproduction a trueness, fineness and richness are given to tone that cannot be duplicated in other instruments.

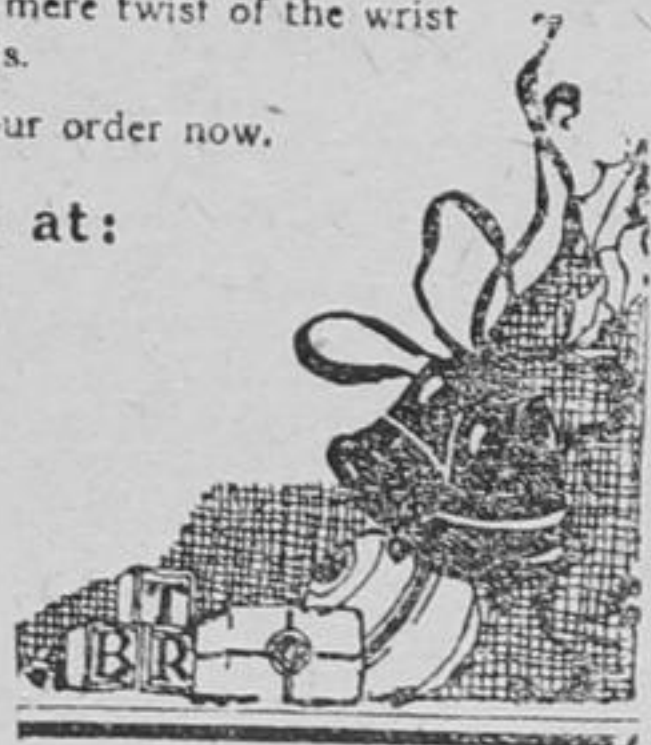

These two exclusive features make the Brunswick the dominant phonograph:

- THE ALL-WOOD OVAL HORN**—built like a violin. Its entire freedom from all metal and its oval shape comply with the accepted laws of acoustics. It amplifies and projects musical tones with a purity, power and sweetness that is wonderful in lifelike fidelity.
- THE ALL-RECORD, ALL-NEEDLE ULTONA** plays ALL records CORRECTLY with the exact weight, correct diaphragm and exact needle. Nothing to take off or put on. A mere twist of the wrist adjusts it instantly to ALL makes of records.

Brunswick records are scarce. Place your order now.
