**McLAUGHLIN**

Like a new issue of coinage comes the new model of the McLaughlin Car.

The title "Canada's Standard Car" was not self-imposed. By many thousands the McLaughlin holds the preference in Canada over cars of the better make.

The famed McLaughlin-Buick valve-in-hand motor—the rugged sure working engine—gives to each of the seven Master Six models the staunch reputation of trustworthiness.

So when the McLaughlin appears in a new model, it but adds a distinctive character to an accepted standard of excellence.

Especially attractive are the new closed bodies not only because of their added comfort, but because they are decidedly the vogue for both winter and summer driving.

Tariff and Non Tariff Ratings and all Policies give the protection they are intended for and at the minimum rates. Get our rates before looking elsewhere. The Confederation Life Assn. issues a new policy without medical examination for \$1000, also a policy called the Family Policy, which is striking for its protection on man and his wife and many good features. Ask for the pamphlet, which explains all. This should appeal to all married men and women, because the company carries a small risk on the wife also, and costs nothing. No medical examination for the wife is required.
