

Mehring's Foot-Power Milker

Consists of an air pump worked by foot power, two pieces of rubber hose and eight suction cups which surround the eight teats of the two cows which are milked at the same time. The operator sits between the two cows. He works the pump with his feet and places the teatcups, one by one, against the teats; on opening the spigot the suction rapidly draws the cups over the teats and the milk begins to flow from both cows toward its destination, the clean milk pail, which is hung out of the way of all dust, dirt, etc., on the spot of the pump.

York Ranger Cadets

The cadets will be entertained at the country seat of Mr. and Mrs. Westwood, at Langstaff, on Friday evening, the 8th of July. Cadets will parade in summer regulation dress as laid down by the O. C.

Cadets going to camp will leave Toronto at 2 p. m. on July 2nd, and will be under the command of Lieut. Whittenmere, York Rangers, Toronto, to whom Lieut. Morden, officially entrusts the charge of his cadets. Details of mobilization are now being completed by Lieuts. Whittenmere and Morden. Cadets must take change of underclothing and socks, knife, fork and spoon, bathing trunk or suit, cleaning material, personal necessities, etc.

Haversack and kit bags are being provided.

Cadets leave in uniform, but at camp will wear blue shorts, khaki shirt and straw hat. They will also take their running shoes. Mothers of the cadets, who depart on Saturday, will kindly prepare for their sons a pocket lunch—required before embarking on the steamer.

Yonge Street Highway Association

At a very representative and enthusiastic meeting held in the Masonic Hall last Thursday evening, the above association was fairly lunched. Officers and Directors were appointed and a programme will be formed which will be presented to the Minister of Highways, setting forth the immediate needs in relation to Yonge St. The Deputy Minister will be invited to address the association at which meeting the association will also have a chance to present its views. All were of the opinion that the first thing to be done was the putting in proper repair of Yonge St., a highway which at the present time is in a very dangerous state and had not had its share of attention. Every section of the street from Toronto to Jackson's point will be represented by a director. Mr. M. P. Vandervort was elected president, A. Davis, Jno. Bowman, H. W. Fleury, and T. J. McCabe, vice-presidents, and Mr. Watson, secy-treas. After Yonge Street is placed in proper shape, other matters of interest such as widening, tree planting, beautifying of residences, etc. will be discussed and it looks as if this association will be a real live affair.

Cadets Entertained

Mr. and Mrs. McLatchy entertained the entire company last Friday evening on the grounds of their beautiful home, from 8 until 11 o'clock.

The verandah and grounds were illumined by a profusion of Chinese lanterns, which from the terraced lawn was striking in its decorative effect. Eight prizes were given by the hostess of the evening for the Bean Guessing Contest, 3 for the seniors and 5 for the juniors—which consisted of baseball bat, 8 base balls, pocket knife and 3 pocket combs, the juniors also each receiving a toy souvenir. Refreshments, a boys delight and consisting of iced ginger ale, a hot dog, iced water melon, and chocolate cake, just like mother makes, were served at ten and were enjoyed thoroughly with real York Ranger cadet corps pep.

A delightful departure during the evening was the guitar duet playing of cadet corp. Clarence Mylks, and cadet Stanley Ransom.

Before departing the O. C. most gratefully thanked on behalf of his command the thoughtful host and hostess of the evening, and to which both Mr. and Mrs. McLatchy graciously replied. Another most delightful social function is thus chronicled on the regimental record.
