Richmond Hill 9—Newmarket 3

Richmond Hill climbed a notch higher in the York-Simcoe League on Saturday afternoon, when they again defeated Newmarket on their own grounds. Both teams put up real good ball and it was anybody's game up to the ninth innings, when the locals took the Newmarket twirler for a ride by running up six runs. There were several close decisions in this innings which increased the excitement to a great extent. However everything wound up smoothly with Richmond Hill six runs to the good. The weather was idle and a number of local fans spent the afternoon with the boys.

Radial Picnic

The employees of the Metropolitan Ry. had their annual picnic at Bond Lake on Wednesday afternoon and evening. The weather was very much against them but there was a good crowd. Games and dancing were enjoyed.

St. Mary's Church (Anglican)

The Ice-Cream Social given on the church lawn last Saturday, by the young ladies of St. Mary's, so far as the weather permitted, (which turned very cold towards evening) was a success. The sincere thanks of all are extended to Miss Russell, who was untiring in all she did for the 12 Grecian ladies who so ably assisted, as she not only superintended the dressing of these charming girls, but was responsible in every way for the unique creations.

At the candy table you found, the smiling Misses Marion Carter and Olive Paris.

At the cake table the amiable Misses Kathleen Roberts and Kathleen Morris.

At the ice-cream table there you found the blushing Misses Winch, Mildred Everingham, Olive Taylor, Pearl Collins and Vera Morris.

On entering the lawn you were met by the reception committee under the able leadership of Miss Margaret Everingham, assisted by the very willing Misses Lina Sheppard, and Margaret Taylor. The lawn was very tastefully decorated and arranged by our old reliable friend, Mr. Allen Armstrong, who worked for the success of the evening from early morning to late on Saturday evening.

York Ranger Cadets

Report of the cadet inspection held in June last, and signed by Major General V. A. S. Williams C. B. E. commanding Military District No. 2 has been received by the O. C. and reads as follows.

This corps has only been organized a short time and has made most remarkable progress. They are very smart, well drilled and finely disciplined. They are pronounced therefore efficient.

Fall training will be officially inaugurated on Saturday the 17th of September from 4 to 6.30 in the afternoon. Field sports will be first held followed with an official inspection by Lt. Col. Dunham M. C. commanding York Rangers Toronto. Mrs. Dunham will present the O. C.'s efficiency awards. Major Rogers M. C. and Mrs. Rogers will also attend.

Lieut. Carl Hill, Lieut. Westwood M. C. and Lieut. Bowman of the Royal Canadian Dragoons will also be guests as also the York Ranger officers. The Richmond Hill Band will be in attendance as also the Reeve, the Councillors and the clergy.

While the most distinguished guest of the afternoon will be Cadet majors.

Refreshments will be served and the O. C. hopes that the event will inaugurate that spirit of Esprit de Corps among all that will thus unconsciously mould from without also a truer and nobler citizenship to having known each other the better.

This is the Life

Gordon Bay, Aug. 18th, 1921
To the Editor: My chief object in writing these few lines is to announce that we intend returning home on Saturday, Aug. 27, having had a fine holiday and a splendid rest. For the greater part of the time the weather has been fine and the fishing good, for the first few weeks we had rather more fish than we could comfortably use, lately we get them best with silver bait.

On returning home one evening we received a very delightful surprise when we discovered that two of Richmond Hill's most popular young men and army veterans had pitched their tent near our camp and were about to depart themselves in the waves. The evening was spent in a very enjoyable way with songs, recitations and discussions of weighty subjects. Among the last named was a talk on the spider (otherwise known as the frying-pan.) A few of the other points brought out were as follows:

1. A camping trip without the frying pan, is an impossibility.
2. It is possible to forget the frying-pan.
3. A frying-pan dropped into the lake will sink.
4. Frying-pans never get rusty on a camping trip—If you can't guess the reason ask your wife to help do the guessing.
5. Frying pans cannot be purchased in mid lake.
6. On passing a vacant cottage you can nearly always find a frying pan "on the old back porch."
7. Necessity nose know law.

Writing a letter, I nearly always have a dictionary at hand as the English language has many peculiarities. Here we only have Eaton's Catalogue where it serves as a spelling book, dictionary, Sunday at Home, etc.

Some times I have a young man visit me who has a pale and forlorn appetite, in which case I always advise plenty of sleep, regular meals and a daily flirtation between meals with the handle of a cross-cut saw. If the desired result is not soon obtained I single out a damp, large basswood log which binds well on the saw. This will produce an appetite which is truly alarming.

Sincerely yours,
R. L. LANGSTAFF.

Tariff and Non Tariff Ratings and all Policies give the protection they are intended for and at the minimum rates. Get our rates before looking elsewhere. The Confederation Life Assn. issues a new policy without medical examination for \$1000, also a policy called the Family Policy, which is striking for its protection on man and his wife and many good features. Ask for the pamphlet, which explains all. This should appeal to all married men and women, because the company carries a small risk on the wife also, and costs nothing. No medical examination for the wife is required.
