West York Campaign

More than 4,000 people cheered to the echo Tuesday evening in the Ravina Rink West Toronto, Hon. W. L. MacKenzie King, and Hon. W. S. Fielding, in the opening campaign meeting for West York, on behalf of Major Straight, the Liberal candidate.

Church Parade

The members of Richmond Lodge will attend Divine Service at the Presbyterian church, Richmond Hill, Sunday evening, Sept. 25th, the Rev. Bro. W. M. Hay conducting the service.

Warning

On Thursday night last a number of boys disgraced themselves by entering the Anglican church and with the aid of a ladder climbed into the tower after some pigeons. The floor was left littered with feathers and the plaster on the walls was badly damaged. This kind of behavior cannot be allowed. Therefore this warning is given, that anyone found trespassing or damaging the church property will be prosecuted. J. Marsh, W. Green, Waidens.

A Carload of cement at the Elevator.

YOU'LL GET GOOD ENSILAGE

With a **TORONTO** Silo

I HANDLE the Toronto Hip Roof Silo because I want to give my customers the biggest value.

You can't have good ensilage unless you have a good silo. And Toronto Silos are good silos. Made of wood—the best non-conductor of heat and cold. Sturdily built from double

tongued and grooved staves of selected spruce impregnated with creosote, they give adequate protection against air and frost. Their special Hip Roof provides more space for filling.

I can show you where a Toronto Silo will mean more productive cattle, bigger profits, a more valuable farm—dollars in your pocket. Let's talk it over.

J. Lunau, Agent, Richmond Hill

Announcing the **NEW McLAUGHLIN-BUICK MASTER 4**

Here is a Thoroughbred Master Four Completing the Famed McLaughlin-Buick Line

The new Four-Cylinder McLaughlin-Buick, here announced, is a thoroughbred—a pedigreed car well worthy of its name. Down to the very last detail, this new model possesses every quality of enduring serviceability, complete comfort, and distinctive appearance that have always characterized McLaughlin automobiles.

The advent of this new Master Four makes the McLaughlin-Buick 1922 line complete. It offers to purchasers of a car of this size all the quality and service that go to make up the name McLaughlin.

The McLaughlin-Buick Valve-in-Head Engine—A Power Plant That Has Proved Itself.

The engine, of course, is of the time-tested McLaughlin-Buick Valve-in-Head type. The year-after-year concentration of McLaughlin-Buick engineering skill and experience in building Valve-in-Head motors assure the highest standard of performance obtainable to-day.

Every other unit is of a quality equal to the power plant. The whole assembly constitutes a perfectly

balanced chassis which is of typical McLaughlin-Buick construction. The equipment of Cord Tires is merely evidence of the quality which characterizes the entire car.

Two open and two closed body types mounted on the McLaughlin-Buick built chassis comprise the new series.

Even the most casual inspection of the details of design and workmanship will reveal that full measure of quality which motorists have learned to associate with McLaughlin.

A Great Car—Prices Make it an Even Greater Value.

Obviously a high grade automobile—a genuine McLaughlin-Buick production—the prices make this Four even greater.

The new McLaughlin-Buick Master Four is a Made-In-Canada car. Walkerville, Ont., is the home of the General Motors Canadian mammoth manufacturing plants. These new plants are most modern in every respect and are fitted with the finest machinery to turn out accurately and economically, motors, transmissions, axles and other heavy parts for motor cars. Smaller parts and the assembling of units, painting, upholstering and top and body building are done at the Oshawa plants.
