

To-morrow, the 11th of November, will be observed as Armistice Day. That day will always be remembered by the present generation as closing a great and cruel war, fought by the allies for right and justice against a powerful nation that had proclaimed to the world that might was right. Have we not reason to give thanks to a Higher Power that justice prevailed.

Mr. Len Wallace, Reeve of Woodbridge, and Warden of York County, does not feel inclined to consent to another Conservative convention for West York. He claims he was tricked once and will not be tricked again. Mr. Wallace will allow the electors to settle the dispute with Mr. Anderson at the polls.

A jury decided that the death of Stanley Showers who was run down by an automobile on the Hamilton highway, was accidental. It appears that the driver of the auto turned out to pass another car, and ran into the young man riding a bicycle without lights. It would be a good thing if our law makers would heed the recommendation of the jury that all vehicles be compelled to carry lights after dark. It is always unsafe to drive a vehicle after dark without lights as with the glaring lights of so many cars it is utterly impossible for motorists to detect objects in the dark. The law should endeavor to protect people from committing suicide if the latter will not protect themselves.

Tariff and Non Tariff Ratings and all Policies give the protection they are intended for and at the minimum rates. Get our rates before looking elsewhere. The Confederation Life Assn. issues a new policy without medical examination for \$1000, also a policy called the Family Policy, which is striking for its protection on man and his wife and many good features. Ask for the pamphlet, which explains all. This should appeal to all married men and women, because the company carries a small risk on the wife also, and costs nothing. No medical examination for the wife is required.

W. F. CARTER, Richmond Hill

Premier Drury is taking a hand in the Federal elections campaign. He joined Hon. T. A. Crerar, Progressive leader, Tuesday evening and will accompany him in his tour through Ontario the rest of the week.

In last week's issue The Farmers' Sun had a front page article which went to show that the most ardent advocates of the "No truck or trade with the Yankees" policy at election times, do not in many cases practice what they preach. That paper gives a long list of names, leading members of the Canadian Manufacturers Association, financial magnates and leaders of the Protectionist Party who urge the common people to buy made-in-Canada goods, but who almost invariably go to the United States firms for their high priced automobiles. Talk is cheap.

The O. C. most gratefully thanks the citizens for their support last Sunday afternoon, he is proud of his cadets, boys of Richmond Hill, who each some day will take their stand nobly in the real life of this community, possessing all the traits of mischievous conduct while off parade, they truly applied themselves on this parade, not only with honour but with credit to their mothers, to their O. C. and to the town which they proudly acclaim as their own.

The superintendent of a Sunday school was illustrating for the children the text "Arise and take the young child and his mother, and flee into Egypt." Showing them a large picture, she asked:

"Now, isn't that splendid? Here is the mother. Here is the young child. There's Egypt in the distance."

The children however, looked disappointed, and finally a little boy piped out:

"Teacher, where's the flea?"
