

THIN, FLAT HAIR  
GROWS LONG, THICK  
AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks' use when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

Minard's Liniment for Distemper.

\$30,000 Capital Every Morning.

Accident insurance companies average your values thus: On a business basis your arms are worth \$5,000; your legs \$5,000; your eyes \$5,000; a finger \$250. According to that computation your head must be worth at least \$15,000. Therefore when you got up this morning if you did not have a dollar in the bank you had a working capital of \$30,000. With that much of a start you may go far.

## SAVED BABY'S LIFE

Mrs. Alfred Tranchemontagne, St. Michel des Saints, Que., writes:—"Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach, thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Oldest Game in the World.

The oldest amusement in the world is dice-throwing.

In some form or another dice have existed in every period of history. They are shown on early Egyptian monuments, and some dug up at Thebes recently are exactly similar to those in use to-day. They are mentioned in laws regulating games played in ancient Greece and Rome and most other countries in Europe.

The invention of dice is attributed to Palamedes, one of the heroes who sailed against Troy, about the year 1244 B.C., but the use of cubes with numbered sides for gambling purposes is probably much earlier.

Frequent passages in the works of ancient writers and numerous representations in marble and paintings show how popular dice-playing was among them.

#### Not All Profit.

He was a struggling Scottish farmer, and he had the good fortune to win the hand of a widow who possessed in her own right the sum of five thousand pounds.

Shortly before the wedding a friend went to congratulate him. "It's a fine thing for ye, this weddin', Sandy!" he said.

"Aye, it's no' bad," replied the farmer.

"No bad? Why, it's worth five thousand pounds ta' ye, isn't it?"  
"No," sighed Sandy, "less than that. Ye see, 'twill cost me seventeen an' saxpence for a marriage licence!"

#### Why Your Ears Burn.

Everybody has experienced the feeling of a burning ear, but few understand how it occurs.

Sudden frights, excitement, worry, and anxiety are the causes. The sensation is due to the liberation of thyroid and other gland substances, which have a tendency to paralyze the muscles in the walls of the skin. This temporary palsy permits their elastic walls to expand, and a stream of blood rushes into the cheeks and ears.

When you realize that the heat of the blood as it circulates through the body is about one hundred degrees Fahrenheit, it is plain that a sudden concentration in one place causes a rise in temperature. The spot affected feels for the moment like a fiery furnace.

#### Got His Answer.

A bumptious young American farmer went to England to learn his business, but where he went he pretended that it was far easier to teach the farmers than to learn anything from them. "I've got an idea," he said one day to a grizzled old Northumbrian agriculturist, "for a new kind of fertilizer which will be ten thousand times as effective as any that has ever been tried. Condensed fertilizer—that's what it is. Enough for an acre of ground would go in one of my waistcoat pockets." "I don't doubt it, young gentleman," said the veteran of the soil. "What is more, you'll be able to put the crop into the other waistcoat pocket."

#### Canned Stuff.

"Ma, do cows and bees go to heaven?"

"Mercy, child, what a question! Why?"

"Cause if they don't, the milk and honey the teacher said was up there must be canned stuff."

#### Saving the Pieces.

Mrs. Patience—"You must be more careful with the china, Ann. That was a complete eighty-piece dinner set when you came here."

Ann, the Maid—"But I'm saving the pieces, ma'am, an' you have a thousand by this time!"

#### Amusing the Neighbors.

Johnnie age six, was missed by his mother one day for some time, and when he reappeared she asked:

"Where have you been, my son?"

"Playing postman," replied Willie.

"I gave a letter to all the houses in our street. Real letters, too."

"Where on earth did you get them?" questioned his mother in amazement.

"They were those old ones in your wardrobe drawer, tied up with ribbon," was the innocent reply.

### Hamilton Woman Declares Tanlac Overcame Her Rheu- matism and Other Troubles.

"If others hadn't allowed their statements published in the papers I wouldn't have known about Tanlac and would still be suffering, so now for the benefit of others I want to tell what the medicine has done for me," said Mrs. John Dale, 65 Catharine St. South, Hamilton, Ont.

"About three years ago I began to suffer from rheumatism, which kept getting worse until I was in almost constant pain. At times my arms became so swollen and painful I couldn't raise my hands above my head, and my fingers were so stiff I could scarcely hold the coffee pot to pour out the coffee.

"I could hardly go up a flight of stairs on account of the stiffness in my muscles. I became so nervous the noises made by my children playing about the house made me frantic.

"Seeing so many fine statements in the papers about Tanlac, I decided to get a bottle and see if it would do me any good. Well, my rheumatism got better with the first few doses and, now that I have finished the second bottle the last trace of it is gone. My nervousness is gone too, and I am so happy over being free from pain I can't fully express it."

Tanlac is sold by leading druggists everywhere. Adv.

## LETTER FROM MRS. WAKELIN

Tells Remarkable Story of  
Sickness and Recovery.

Toronto, Ont.—"I suffered greatly from weakness, seemed to be tired all

the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and it surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial." — Mrs. CHARLES WAKELIN, 272 Christie St., Toronto, Ont.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

## Why guess about it— When you can know about it?

Suppose a guide said—

"This way there's a safe and pleasant road to your destination, with no risks or troubles on the way," and—

"That way there's a road that a good many have stalled on and turned back from, but you may get through."

Which would you take?

Postum is a thoroughly agreeable and satisfying meal-time drink, and you're sure that it's perfectly safe for health. Tea and coffee contain drug qualities which disturb the health of many.

Postum or tea and coffee? Which road?

Why guess when you can know?

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.
