CANADA SECOND IN WHEAT PRODUCTION

Canada is now the second wheat producing country in the world according to 1921 statistics. We produce about half as much wheat as the United States, but they, it must be remembered, have ten inhabitants to our one. Russia, at one time an important factor in this fundamental industry, has apparently fallen by the wayside, for she does not appear in the 1921 list. The C. N. R. has carried this season, September 1st to Nov. 13th, 41320 cars or approximately nine and three-quarter million bushels. For the similar period in 1920, the number of cars handled was 21,858.

C. N. R. EMPLOYEES WOULD MAKE A GREAT CITY

If the 55,000 employees of the C. N. R. were domiciled in one spot, instead of being spread from one end of the country to the other, they would constitute a city larger than Hamilton, Calgary or Halifax. For it must be remembered that it is not only the people who actually work for the C. N. R. that are sustained by it, but their wives and families. This tremendous body of workers are actuated but by one motive, to make the C. N. R. the most successful publicly owned enterprise in the world, to run it is purely a business enterprise, divorced entirely from politics.

CAPTURING A NEW MARKET

Canada's flour is the standard of the world. This is pretty generally admitted. The writer knows one citizen of the United States, who, on every visit he makes to Canada, carries home, under strict instructions from his wife, a number of loaves of bread, she claiming that no bread obtainable in the United States can approach that made from Canadian flour. As an instance of the increasing popularity of Canadian flour, it is interesting to note that Dr. A. H. Stafford, born in Winnipeg but for some time past domiciled in Jamaica, recently said, that until the steamships "Canadian Forester" and "Canadian Fisher" of the Canadian Government Merchant Marine Service came into Kingston last spring, every pound of flour used on the Island came from the United States. Now it all comes from Canada. This very valuable market for Canadian products has been captured by three ways, Dr. Stafford affirms: First, that Canada had ships to deliver it there; Second, the quality of the flour itself; and Third, the fact that the people of Jamaica desire closer commercial and social relations with the people of Canada.

From Canadian National Railways Publicity Department, Toronto Ont. November 14th, 1921.

Supposed Humour

INGENUITY
Little Jackie—"I want another box of pills I got for mother yesterday."
Dr. Johnston—"Did your mother say they were good?"
Little Jackie—"No, but they just fit my air gun."—The Right Way Magazine.

READY TO OBLIGE
Husband (angrily)—"What! no supper? This is the limit! I'm going to a restaurant."
Wife—"Wait just five minutes."
Husband—"Will it be ready then?"
Wife—"No, but then I'll go with you."

ONE WAY OUT
"Father, I need a new riding habit."
"Can't afford it," he growled.
"But, father, what am I to do without a riding habit?"
"Get the walking habit."

PRONUNCIATION
Sunday School Teacher—"Johnny, can you tell me who built the ark?"
Johnny—"Naw."
Teacher—"Correct."—The Right Way Magazine.

FOR PRACTICAL PURPOSES
Bobby, I see your music teacher coming. Have you washed your face and hands?
Yes'm.
And your ears?
Well, ma, I washed the one that will be next to her.

"Why did you turn out for that truck? According to the traffic rules you had the right of way."
"Yes," answered Mr. Chuggins patiently. "But the truck had the right of weight."

"Who's the swell guy you was just talkin' to?" asked Tony, the bootblack.
"Aw, him and me's worked together for years," answered Mickey, the newsboy. "He's the editor of one of me papers."

"Mother, what are you going to give me for my birthday?" "Oh, anything to keep you quiet." "Well, I don't think anything will keep me quiet except a drum."

Mose: Dis yar flying business is ah mighty ol' venture.
Rastus: How you make that out, Mose?
Mose: Becase I heah that pastor say in church las' Sunday night dat Esau sold his heirship to Jacob.
