The Liberal is pleased to welcome as an exchange the first number of "North Yonge Advertiser," a newspaper to be published in the interst of North Toronto and Yonge Street. In its next issue The Advertiser will present the arguments for secession from Greater Toronto.

Under the heading, "Canada on Right Track," The Evening Telegram of Saturday editorially said:

Canada was never applauded by as many friends and admirers in the United States as on the morning when Americans read the news that returned Jennings had howled down William Jennings Bryan in the Massey Hall, Toronto.

The Telegram is on the wrong side again. Neither lynching alleged culprits, nor howling down public speakers, should be encouraged in Canada. Mr. Bryan is a man who was nominated by his party for the position of president. Instead of howling down a public speaker it would have been better for the good name of Toronto had the audience listened to what he had to say. Even the soldiers as a body should not be held responsible for the breaking up of the meeting. The Telegram should remember that it is only the rough element that does the howling at public meetings.

## Aesops Advertisin

### FABLE

Once upon a Time there lived a Merchant Prince who inserted a small ADVERTISING Card in his local paper. The World and His Wives rushed to the Store and the Great Battle of Push and Take occurred. The Merchant Prince did such a Tremendous Business as a Result of this one Small Advertisement that He was able to Retire and Spend the Rest of his Life playing at Golf.

That is a Fable!

But it still represents some folks ideas of advertising.

ADVERTISING won't make any man or firm rich over night, but, if intelligently used with **persistency**, it will multiply customers, increase turnover, swell profits, and build such goodwill for the advertiser as nothing else will.

Get the facts from "The Liberal."

### TO THE BUYING PUBLIC

A man's advertisement is your invitation and your guide. It means that he wants and appreciates your business and is proud enough of his store or service to ADVERTISE it.

Tariff and Non Tariff Ratings and all Policies give the protection they are intended for and at the minimum rates. Get our rates before looking elsewhere. The Confederation Life Assn. issues a new policy without medical examination for \$1000, also a policy called the Family Policy, which is striking for its protection on man and his wife and many good features. Ask for the pamphlet, which explains all. This should appeal to all married men and women, because the company carries a small risk on the wife also, and costs nothing. No medical examination for the wife is required.
