

**GORMLEY**

The new Mennonites are holding revival services here at present, conducted by Bro. Moore, of Englewood, Ohio, which are largely attended.

The mischievous boys have not all left Gormley yet. Four of them took Bro. Woodward's car out of Wm. French's garage, on Sunday Evening, May 7th, and took a run to Toronto, where they got out of gas, and left the car. They have all returned again, and gave themselves up. We have not heard yet, what their sentence will be.

Any one in need of a 12 inch ruler, can call at Farmer Bros. Factory.

where they are making them by the thousand.

Levi Hoover, who is again prostrated with a weak heart, thought he was leaving us on Sunday afternoon, but he rallied again.

Miss Pearl Phillips, of Stanford, Ont., has come to visit on her grandmother, Mrs. H. R. Heise, who is a rheumatic invalid.

**MAPLE**

The opening of Mr. C. Robeson's new ice-cream parlour took place last Saturday evening, when a large number of visitors were served with ice-cream and other refreshments. Those in attendance were kept quite busy supplying the demands of the customers. The new parlour presents a very clean and neat appearance, and those calling for refreshments will find Mr. and Mrs. Robeson prompt and courteous in attending to their wants.

The members of the Maple Agricultural classes and a number of invited friends held a very pleasant entertainment in the Memorial Hall at Vellore, last Friday evening. The Thistle town class was also present. A debate, "Resolved that Science is doing more for the farmer than Co-Operation," was the chief feature of the program. All the points were well taken, with Mr. Ross Anderson and Mr. Paul Snider for the affirmative, and Mr. Earl Jackson and Mr. Geo. Jackson for the negative. After due consideration the result was given in favour of the affirmative. After lunch was served the remainder of the evening was spent in dancing with music furnished by McDonald's Orchestra, Thornhill.

Next Sunday morning, Mr. Chow, Korean Student, of Knox College, will preach in St. Andrew's church, and in the evening will tell the story of his life.

**Around the Corner**

Around the corner I have a friend  
In this great city that has no end;  
Yet days go by and weeks rush on,  
And ere I know it, a year has gone  
And I never see my old friend's face,  
For life is a swift and terrible race.

He knows I like him just as well  
As in the days when I rang his bell  
And he rang mine.  
We were younger then;  
And now we are busy, tired men—  
Tired with playing a foolish game—  
Tired with trying to make a name.

"Tomorrow," I say, "I'll call on Jim,"  
Just to show I'm thinking of him,  
But tomorrow comes—and tomorrow goes,  
And the distance between us grows  
and grows.

Around the corner, yet miles away,  
"Here's a telegram, sir"—"Jim died today."  
And that's what we get and deserve  
in the end,  
Around the corner—a vanished friend.

**Here's the Point**

Do you throw away an overcoat just because the weather is warm for a few days or do you keep it for a cold spell?

Then why throw away a good opportunity for insurance just because you think next month will do? It is the unexpected that always happens.

Accident and sickness insurance is a grand protection for you and family.

**YOU'LL GET GOOD ENSILAGE**

With a **TORONTO** Silo

I HANDLE the Toronto Hip Roof Silo because I want to give my customers the biggest value. You can't have good ensilage unless you have a good silo. And Toronto Silos are good silos. Made of wood—the best non-conductor of heat and cold. Sturdily built from double

tongued and grooved staves of selected spruce impregnated with creosote, they give adequate protection against air and frost. Their special Hip Roof provides more space for filling.

I can show you where a Toronto Silo will mean more productive cattle, bigger profits, a more valuable farm—dollars in your pocket. Let's talk it over.
