Do you throw away an overcoat just because the weather is warm for a few days or do you keep it for a cold spell? Then why throw away a good opportunity for insurance just because you think next month will do? It is the unexpected that always happens.

Accident and sickness insurance is a grand protection for you and family.

The McLaughlin-Buick Disc Clutch is the Great War Tank Clutch

These monstrous, powerful Buick war tanks plowing their way through swamp and forest—over trench, embankment and shell hole—battering their way through every obstacle—required above all things a clutch absolutely positive, dependable, and easy to operate.

This is the clutch that is used in McLaughlin-Buick cars. It provides the same certainty and safety either for ordinary service or unforeseen emergency.

This disc clutch is a development of twenty years of consistent effort. Rome was not built in a day—neither is a perfected clutch.

Naturally, the Fielding Budget is being criticised in several quarters. Progressives, and even some Liberals, do not think the Finance Minister went far enough, while protectionists say it is a step in the wrong direction.

A City paper stated that on Victoria Day in Toronto twenty fires resulting from fireworks in the hands of boys kept different sections of the run from noon till midnight. Fire-crackers and fireworks furnish amusement for boys, but they are dangerous nevertheless.

Expressions of thanks to Attorney General Raney for his efforts in enforcing the Ontario Temperance Act were expressed in resolutions at the annual meetings of Toronto Central District, Peterborough and other places. Up to date similar resolutions have not been passed by the Liberty League.

You pump over a ton of water every day. Your wife carries over two thousand heavy pails of water every year. My Toronto Windmill will do away with all that drudgery. It provides a supply of running water for your kitchen, bathroom, or garden. It gives you water for your stock without time lost or effort expended.

Toronto Windmill initial cost is low. Its upkeep—only an occasional oiling. Quiet, cheap, powerful—the time and labor saved will pay for itself in a single season, with continual comfort thrown in. Come in and talk it over, next time you're in town. It will pay you.
