T. COUSINS, Pres. and Manager Maple.

### Keffer—Stong

At the home of Mr. and Mrs. Alfred Stong of Elm, on June 28th, a very pleasant event took place, when their daughter Janet Ethel Mae was married to Mr. Elmo L. Keffer, son of Mr. and Mrs. George Keffer, Maple. To the strains of Mendelssohn's wedding march, played by Miss Vera Jackson, cousin of the bride—the bride, escorted by her father, came into the drawing room.

The bridal party stood under a beautiful arch of ferns and white roses. The knot was tied by Rev. T. Pickett of Lansing, and during the signing of register, Miss Leella Keffer, sister of the groom sang.

The bride looked charming in a wedding gown of satin charmeuse and pearl trimming. Her veil was caught by a wreath of orange blossoms, and she carried a large shower bouquet of white roses and lilies of the valley. The bride was attended by her sister, Miss Aupie Stong, gowned in pink crepe-de-chene and carrying a bouquet of American beauty roses.

The groom was attended by Mr. Charles E. Oster, Toronto.

After the ceremony about 80 guests repaired to the dining-room and enjoyed a sumptuous wedding breakfast.

Rev. Robinson of Maple proposed the toasts, and appropriate speeches testified to the esteem and popularity of the bride and family.

The groom's gift to the bride a gold necklet with pearls, to the bridesmaid a string of pearls, and niece a bracelet, also a beauty pin to pianist and onyx ring to soloist and gold cuff links to best man.

There were many beautiful and costly gifts.

Before the wedding the bride was feted by her friends and received many beautiful gifts at a shower given in her honor.

The newly married couple amid hearty congratulations and showers of confetti left for the Soo and other points. The bride travelling in blue canton crepe, white hat, and fawn coat.

On their return they will reside at Edgeley.

### Hope

There appeared an erroneous statement under Maple news in the last issue of this paper, to the effect that Hope Methodist church would probably close after this year. According to a statement made by Rev. A. J. Paul, chairman of the Central District of the Methodist church, it was through wrong impressions formed that the pulpit of the stated church was left vacant by the Methodist Conference at their meeting in June 1921.

The matter was again brought up in June last when it was unanimously decided that this church should again be placed on the Maple Circuit.

In future Divine Worship will be held in the church every Sunday Morning at 11 a. m. instead of 2.30 p. m. as heretofore. Sunday School will be held at 10 a. m. instead of 1.30 p. m. as heretofore.

Rev. Lambert of Maple will take the service.

### Letter from D. W. Heise

(Continued)

Bulawayo, S. Rhodesia, S. Africa.

But our greatest joy was to learn of the substantial number, who a few years ago were nothing but raw heathen, but who had been brought under the Gospel, and having accepted its teachings of salvation from sin through the blood of the everlasting Covenant, and to observe the devotion in worship to Almighty God, whom they so recently learned to know, through the effort of the Servants of the Cross. But notwithstanding the influence which has radiated from this soul saving station, and the religious effort that has been put forth to reach the people for more than twenty years, one need not go more than five miles from this station to find heathen by the plenty in their kraals, groping in darkness, superstition, witchcraft, and their primeval methods of doing things, or not doing things. Such as being not overdressed, some not at all, digging their gardens with a hoe, having a handle about two feet long. Sowing their grain all together broad cast, corn, kaffer, pumpkins, and beans, etc. Building their huts in round shape, with no windows or doors, (only holes) and quite often no window holes at all, and the door hole so low that one has to stoop quite low to enter. With the fires built in the mud floor in the center, and no place for the smoke to escape. It is needless to say that everything within is well smoked, including the visitor and missionary when they call on this wretched people. Can they be reached? Are they capable of being taught? Will they respond to light and knowledge? Yes, all these questions can be answered in the affirmative, as it is evidenced by the product of effort along these lines, at this as well as many other stations under the auspices of the various societies established, throughout South Africa. But the progress naturally is slow.

Our second established station is situated on the banks of the "Mtchabazi River," nearly thirty miles still farther south east. This Station is reached by a road that was surveyed, cut out, dug out, and blasted out, by the united effort of the two stations named, and was an accomplishment through valleys, rivers and spruits, over hills and rocks, which a native commissioner said, who was well acquainted with the entire country, was an engineering impossibility. But it was done, and it is now a very picturesque and enchanting route of travel, that can be traversed by a Ford motor (only), with an average speed of fifteen miles per hour. This Station is seven years younger than the former, and been rebuilt twice, and its location moved once, and consequently in some respects is in a measure behind Metapo, but possesses many conveniences, as well as comforts, and also has a large native congregation, who manifest a deep interest and appreciation of their new found light and knowledge, at this place we spent some time as headquarters, and from here we had the unique experience of "trekking" over miles of "veldt" behind a six Mule team, over unbridged rivers, through native gardens, over unmade roads, other than a foot path, through bush and trees, over stumps and logs, into aunt bear holes, large enough for a man to crawl into, all this for days and weeks.

Out school visitation and inspection, of which there are twenty-five in connection with this station, with all the other things that naturally associate themselves with these treks, both amusing and impressive, must be omitted at this time because of lack of time and space. At this station we met with the entire African field force of our society in their Annual Conference, twenty-one in number. The conference continued over more than one whole week, and had before it many vexed questions for discussion and disposition, as well as many problems which constantly confront the missionary, and are continually increasing on his hands. Some of these were solved, and others unsolved awaiting further developments. The "Race Question," the moral, social, and religious relationship of the two races, as well as that of the missionary and the native christian, these are at once perplexing, and exceedingly difficult of adjustment, without injustice to any, and fairness to all. Polygamy, as practiced by the native, and unfortunately condoned by some Missionary Societies, is indeed a great problem, and so is the inherited selfishness of the native, who reaches out for everything, and is not disposed to give anything back in return, and who is apparently capable of thinking "black" only, and not "white."

### MAPLE

On Friday, June 30, a very pretty wedding took place at the Manser, Hawkesbury, when Mr. Geo. W. Bailey, son of Mr. and Mrs. H. C. Bailey, was united in marriage to Miss Helen Forbes Currie, of the Finance Department, Civil Service, Ottawa, and formerly of Richmond Hill. The ceremony was performed by Rev. E. C. Currie, father of the bride. After the ceremony the young couple left for Montreal, and after visiting Philadelphia and Harrisburg, will spend some time in McKeesport, Pa. Upon their return they will reside in Maple.

The marriage of Miss Annie Luella Rumble and Mr. George W. Matheson was solemnized on Wednesday of last week at the home of Mr. Russell Rumble, Eglinton, Rev. W. N. Chantler, officiating. Miss Jessie Rumble and Mr. Wm. Matheson were in attendance. The bride wore her going away costume of navy blue tricotine, with a corsage bouquet of orchids and lily of the valley. The happy couple left for a short trip to Ottawa, and after their return will reside on Mr. Matheson's farm at Maple.

There was not a very large attendance at the celebration on Saturday. The football match resulted in Teston winning from Maple by 3-0. The concert was a great success, the Community hall being crowded. A large number attended the dance after the concert. The members of the Women's Institute served supper in the Masonic Hall.

As Hope church is again united with Maple circuit, the morning service in the Methodist church has been withdrawn and service is held at Hope at 11 a. m.

The Sabbath School of St. Andrew's church held its annual picnic on the church grounds here.

On Wednesday morning of last week Mrs. Clark, widow of the late William Clark, formerly of Sarnia, passed away at her home here. The interment took place at Sarnia.

Mrs. T. W. Leatherdale of Maple, received the following copy of the accidental death of her brother Mr. Jarret of Rollinson, Alberta, on June 3rd:

"Mr. Jarrett had put the saddle on one of the horses to hunt other horses which were somewhere in the pasture. As he did not return a search was made and he was found dead about two miles from his home. Dr. Chandler was immediately called and on examining the body, he discovered a concussion at the base of the brain and from hemorrhages of the eyes, nose and mouth concluded that the deceased, who weighed about 240 pounds had been dragged for a considerable distance.

When the horse was located the saddle was still tightly girthed, but turned underneath. He was about 45 years of age and unmarried. He was buried in Chinook Cemetery, Alberta."

### TESTON

Mr. A. Ireland reports a very flourishing business with his motor bus.

Mr. and Mrs. William Walker of this place celebrated the 25th Anniversary of their wedding day last Thursday. Friends and relatives from far and near were present and had an enjoyable time.

At Maple on July 1st, our football team were successful in winning the prize of \$33. The score was 4-1 in favor of Teston.

Three teams competed for the prize Teston, Maple and Concord.
