Warning is issued by provincial police to the effect that any person or persons allowing their cattle or horses to graze unattended on the sides of the public highways are liable to prosecution. It is pointed out that this practice is one of utmost danger to motorists, especially at night, and instructions are to prosecute any such offenders.

The Ontario Government, through the Department of Forests and Lands is this year again carrying on a campaign to educate the public to the value of forest preservation. These advertisements are appearing in this paper and the information they contain make them well worth reading. Our readers are urged to follow the series and thus become acquainted with the great need for increased precautions against forest fires.

Man's Back Broken

Owen Sullivan, aged 38 years, living on Lisgar Street, Toronto, was removed to St. Michael's Hospital on Saturday night with his back broken. Sullivan, with two companions, was driving a motorcycle to Newmarket. At Richmond Hill he swerved the motorcycle from the roadway to avoid colliding with an automobile. When the cycle ran down into the ditch it overturned, Sullivan landing heavily on his back. He was rushed in a private ambulance to the hospital.

York Ranger Cadets

Col. Clarke D. S. O., M. Commanding York Rangers Regiment authorizes the following announcement.

A Bugle Band consisting of 6 Drummers and 6 Trumpeters, also 1 Base Drummer is authorized for the Richmond Hill Cadet Corps. Major Orr, M. C. Adjutant York Rangers Regiment being detailed to complete arrangements thereof. Cadet Sgt. Martin will have charge of training and will make recommendations for membership thereof to the O. C. before the commencement of the Fall training.

To encourage thrift in the corps and matently devotion, Cadets of the Cub and also the Juvenile Platoon who earn five dollars for their mothers during their holiday will be given an award by the O. C. later.

The Regimental Officers are now in weekly session at the Toronto Armouries re the York Ranger Field Day which is to be held at Bond Lake on Wednesday August 23rd. Mr. McLatchy is providing for the Richmond Hill Cadet Corps Admission thereto which regimental compliment is gratefully appreciated.

Special attention must be given by the Cadets to the regimental summer uniform order to be worn on that day.

Seniors will wear white running shoes, white duck trousers and white sport shirts, regimental crests for each Cadet being procured by the O. C. therefor.

Juvenile Cadets and Cub Cadets will wear white running shoes, white duck trousers and the white regimental jerseys, cadets not supplied with these outfits will see the O. C. immediately that the necessary may be ordered, and the Cadet mothers will kindly see that outfits are freshly laundered for this event. The Senior and Juvenile Baseball teams will appear in their Baseball regimental uniforms.

The Field Day is being regimentally organized, the Cadet Bugle Band of the Toronto Corps, also the York Ranger Brass Band, full strength will be in attendance.

It is expected that the Lieut. Governor and Mrs. Cockshut will also officially attend.

Sports for all are being arranged and in the evening a grand display of Fire Works will follow, as also a Dance.

The Cadets would take this opportunity of thanking Mr. and Mrs. Bridges for their kindness during the evening on which the Cadet Dance was held in their Elgin Mills Pavilion. A most delightful evening was spent, and it is to be hoped that later in the season another Dance may be conducted. They also express appreciation to Mr. Grainger for the musical part, so enjoyed by all and lastly they desire to thank the members of the Ladies' Baseball Team for supporting them in this departure.

Report of the recent Inspection pronounces the Richmond Hill Cadet Corps as being a finely disciplined body, and complimentary reference is made to the fine manly appearance of the Senior Platoon, and their thus far well established athletic record. Signalling is also well spoken of, while the work of the Cubs in the matter of physical drill, and their fine appearance in the white regimentals, is given very special mention. The Cadet Officers and Cadet N. C. O's. are given all due credit for the thus far successful work, and may the future have in store progress in the work.

It is with pride that the continued success of the Juvenile Cadet Baseball Team under Cadet Sergt. Lambert Atkinson is recorded. In the Hillsbrooksquare League Games thus far played they have won all games, likewise the Seniors under Cadet Sergts. Grainger and Jack Glass are achieving success. And the O. C. is arranging for both Teams playing an Exhibition Game on the York Ranger Field Day before his Honour, the Lieut. Governor.

The name of the Hillsbrooksquare League was cleverly given by a Juvenile Cadet which embraces Thornhill, Richmond Hill, Newtonbrook and Victoria Square, and well expresses to Richmond Hill the keenness of the Cadets in all their departures, and gives much hope for the future progress of the Cadet work.

Closing our books for the half year, showing figures far in excess of our previous record, we are satisfied is due principally to the demand and response as the result of advertising, and for which we express to our numerous customers our appreciation.

During the next few weeks, "the holiday season," we shall not be writing, but in preparing for the fall trade, we have secured this column, when we shall early in September, commence an advertising campaign, introducing new policies and progressive ideas, in regard to, and in anticipation of rapid expansion.

How's Your Battery Pulse Today?

If it is low, let us prescribe the right tonic. No matter what make of battery you have in your car, come around to us.

Our job is to keep your battery in commission. You will get an honest expert diagnosis of it, and a real recommendation of what to do.

At the right time, you will find it to your advantage to exchange the old battery for a new Prest-O-Lite. There is a correct size battery with Prest-O-Plates for all makes of cars.

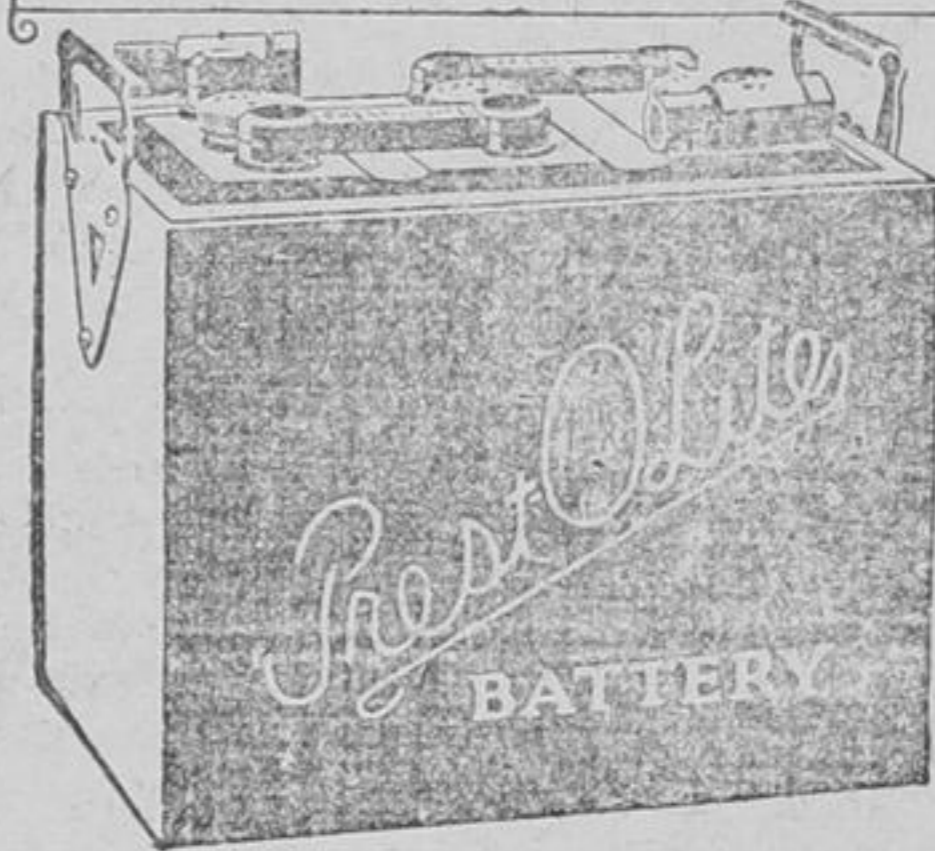

Prest-O-Plates, the greatest advance in battery making; the plates of unusual hardness, combined with peculiar porosity; plates with quick delivery of power in cold weather, and great non-buckling, heat-resisting strength in summer.

Drive around and get our diagnosis. It is free.
