Letter from Dr. Langstaff

The editor has received a letter stating that Dr. Langstaff and family hope to return from their holidays at Gordon Bay on the 15th of August. We trust the Dr. will not mind if we give part of his newsy letter to our readers.

We have had a real good holiday and a fine rest here on good old lake Joseph. We have had plenty of fish, there is a large pickerel and a fine bass in the larder waiting their turn.

Blueberries have been very plentiful. We have had all we can use by picking near our cottage without going to the "Burns", where there is a very large patch, said to be about 1000 acres. Nothing looks quite so pretty as the blue berries growing among the green leaves. One almost wonders whether posterity will look on one flag. They may think that—"all creed and no religion makes Jack a dull boy."

This world seems to be largely made up of misunderstanding. My wife lies asleep in the hammock with a mosquito on her ear. If I had the courage of my convictions I would walk up to the mosquito and give him a good, hard slap. Would my motive be misunders'ood? Having been married some time, knowing something of the Scotch-Irish temperament and having heard that it is wise to "let nature take its course" I decide to let well enough alone. The mosquito is looking at me out of the corner of his eye, as much as to say "I have the drop on humanity now." He believes that the treating system has not been abolished. He is shrewder than the Jew in the "Merchant of Venice". I may be able to learn in the future how much a lidy with one hear can ear. I must close lest I weary you. We hope to soon be back to R. H. the best place of all.

Sincerely yours,
ROLPH LANGSTAFF

JUVENILE CADETS GOING STRONG

The Richmond Hill Baseball Fans witnessed a very good ball game Tuesday evening, when the Richmond Hill Cadets walked over Victoria Square by a score of 21-5. Victoria Square started out very good when a few errors were made by the Cadets, that let the Square get their 5 runs, and in the second innings the Cadets got 19 runs, and at the last of the game the score was 21 5 in favor of the Cadets.

YOU'LL GET GOOD ENSILAGE

With a TORONTO Silo

I HANDLE the Toronto Hip Roof Silo because I want to give my customers the biggest value.

You can't have good ensilage unless you have a good silo. And Toronto Silos are good silos. Made of wood—the best non-conductor of heat and cold. Sturdily built from double

tongued and grooved staves of selected spruce impregnated with creosote, they give adequate protection against air and frost. Their special Hip Roof provides more space for filling.

I can show you where a Toronto Silo will mean more productive cattle, bigger profits, a more valuable farm—dollars in your pocket. Let's talk it over.
