Mr. J. C. Steckley who for several years has held the position of Agricultural Representative for York County has been appointed Assistant Professor of Animal Husbandry at the O. A. C. at Guelph. Mr. Steckley was a few evenings ago banqueted by the Newmarket Board of Trade, and presented with a gold watch.

Motorman James Bailey and H. M. Smith, a passenger, were seriously injured Saturday night in a head-on smash between a Weston and a Woodbridge radial car. The former lost his left leg near the thigh; the latter suffered a compound fracture of the right leg.

Sir William Mulock who filled the position of President of the Toronto and York County Patriotic Association since the Association was formed in 1914, was on Thursday presented with his portrait which the Lieut-Governor unveiled. In moving the adoption of the financial report, by E. R. C. Clarkson, seconded by Ex-Warden W. H. Pugsley, it was shown that the receipts totalled nearly \$9,000,000. The Association has disbanded.

### Junior Farmers' Plowing Competition

The arrangements for the Third Annual Plowing Competition held under the auspices of the York County J. F. I. A. are well under way. This Competition embodies all the main features of our larger Plowing Matches together with the added convenience of doing the required plowing on the home farm and at the leisure of the competitor. Last year some classes were not filled and it is hoped this year that no prize money will go unclaimed. A competent judge pays a personal visit to inspect each competitor's plowing and besides scoring it, offers helpful suggestions and points out where improvements may be made.

Apart from very liberal cash prizes, the handsome silver cup, known as "The Marion McGregor Trophy", donated by Mr. J. P. McGregor of Toronto will be presented at the Banquet to the competitor who scores highest in the competition.

All young men interested may obtain further information from the junior farmers in your district, Mr. Robert Watson, Woodbridge or the Local Branch in Newmarket.

The six classes are:—  
Class 1. In Sod, single plows, with skimmers, at least five acres in one block.

Class 2. In Stubble or any other land other than sod, single plows with skimmers, at least five acres in one block.

Class 3. In Stubble or any land other than sod, two furrow plows, five acres in one block to be plowed. Contestants to use at least three horses in plowing, except in strike out and finish, which may be done with single plow.

Class 4. In stubble, tractor plow, five acres in one block to be plowed. Contestants may use single plow for strike and finish.

Class 5. In stubble or any land other than sod single plows with skimmers at least five acres in one block. Open only to young men 18 years and under.

Class 6. In sod single furrow sulky plows at least five acres in one block to be plowed.
