

Northern Ontario Still Needs Help

Now that winter has gripped the North help is more urgently needed than ever. Here is a typical scene—a little boy who travels many miles for the daily supply of food, for a large family. His father is building a new house to replace the one destroyed in the big fire. In the meantime mother and the children live in an old shack on the outskirts of Cobalt.

Three Years "Over There" Two With "The Mounties"

Sitting astride a "Mountie's" horse he was as fine a specimen of manhood as one could meet. Six feet tall, bronzed, muscular and keen, he made an athlete of no mean ability. Three years in the war had seemingly made "a man out of him," but it took a bad cold to show that the war had far-reaching and terrible effects.

One day he played and worked hard, then went for a dip in the lake. A little cold came on, then got worse and worse and finally—consumption. His three years "Over there," and two spent in the "Mounties," have given him a fighting spirit.

During these last eight months the foe has not killed his hope, he's still hoping that God's fresh air and man's skill at the Muskoka Hospital for Consumptives can retain something of his old manhood for active service yet.

Only with the help of many warm friends can this great work be carried on. Money is urgently needed. Contributions may be sent to Hon. W. A. Charlton, 223 College Street, Toronto.

Only a Youth, but Never Knew a Boyhood

George Adams is a very weak boy—he's so weak he can't even turn the pages of a book without feeling pain. He has a good many brothers and sisters and his parents are very poor. So when George put on long trousers—he was just 12 at the time—he became a man and took upon himself the task of earning money for the family.

He went to learn a trade in an iron foundry, where fumes and hard work undermined a weak system and sowed future trouble. Now and then one other working member of the family would cease earning through sickness or loss of job, and George would have to keep his nose to the grindstone a few more hours each day to make up for it. His life was just work, work, work, until one day he dropped on the floor. The company physician, who examined him, prescribed a year or two at the Muskoka Hospital for Consumptives. He can't understand why he never had a boyhood and none of the good things of life, but he's fairly happy—he knows separation from his family safeguards them. He's content, and he still has hope.

There are many just such deserving cases in need of treatment at the Muskoka Hospital. Will you lend a hand.

Contributions may be sent to Hon. W. A. Charlton, 223 College Street, Toronto.
