

WHY RHEUMATISM OFTEN COMES BACK

The Usual Treatment Does Not Reach the Root of the Trouble.

Most treatments for rheumatism do no more than aim to keep down the poison in the blood and enable nature to overcome that particular attack. Then when the system becomes run-down from any cause the disease again gets the upper hand and it all has to be done over.

Sufferers from rheumatism who have found their condition unrelieved or actually growing worse while using other remedies, would do well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine has proved in thousands of cases that it builds up the blood to a point that enables it to cast out the rheumatic poisons through the regular channels of excretion, the bowels, kidneys and the skin. When this is done rheumatism is banished, and as long as the blood is kept pure and rich the patient will be immune from attack. This is proved by the case of Mrs. J. Hewitt, Beach P.O., Hamilton, Ont., who says: "For a number of years I was troubled with muscular rheumatism, which caused me a great deal of suffering. I would get rid of the trouble for a time, but it always came back. A friend recommended Dr. Williams' Pink Pills and I have not had an attack of rheumatism since I took them, and that is five years ago. I have since used the pills for anaemia and found them equally good, and I now recommend them to any friends who may be ailing."

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

Filled the Bill.

A woman inserted the following advertisement in a newspaper:

"Wanted, companion for a lady; must be a total abstainer; must be cleanly in his habits and know a little about nursing. Comfortable home, no salary."

A few days later she received by express a basket containing a tabby cat. An accompanying note said:

"In reply to your advertisement, I recommend bearer. She is a total abstainer, cleanly in her habits and knows a little of nursing, having brought up a large family. She will be pleased to accept comfortable home and requires no salary."

Knows the Game.

Mrs. A.—"I see you have a new cook. Is she experienced?"

Mrs. B.—"I believe so. She started the first day by coming late and then asking the afternoon off."

MOTHER!

Your Child's Bowels Need "California Fig Syrup"

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful to-day may prevent a sick child to-morrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Britain's Tiniest Railway Systems.

The High Rocks Station between Tunbridge Wells and Groombridge claims to be the only railway station without a staff, says a London newspaper. It has no station-master, booking clerk, porter, booking office, or waiting-room. The trains serving it are drawn by baby engines, and the guard acts in the manifold capacity of a complete station staff.

But one need not go out of London to find stations run on almost similar lines. The Waterloo-City Railway, known to tens of thousands of business men, consists of two termini, one at Waterloo and the other in the City, and at least a third of its length runs under the River Thames.

At neither station is there a station-master, porter, or booking clerk, for you buy your ticket on the train as you do on a bus, and throw it away when you get to the other end!

There is a railway station in Derbyshire where trains stop only on one day in the week to enable the inhabitants of the village of Blackwell Mill to go shopping to Buxton!

What claims to be the shortest passenger line in the world may be seen at Groule, not far from Douglas, Isle of Man. It is one mile long, and the gauge is only two feet. It was made to convey passengers from the entrance to Groule Glen to the seashore. The engine looks like a toy, but is powerful and well made, and the open cars carry ten passengers.

The smallest fully working line is probably the Eskdale Railway, which runs over the seven miles which separate Ravenglass, on the west coast of Cumberland, from the foot of Scaffell, the highest mountain in England.

If the engine fails to take the points and runs off the lines, passengers help the driver and guard lift it bodily back to its proper place! This novel railway carries large quantities of goods as well as passengers, reducing the cost of road transport in a very difficult country by one-half.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. They are the ideal home remedy for the baby; being guaranteed to be absolutely free from opiates or other harmful drugs. They are a gentle but thorough laxative and have proved of the greatest aid in cases of constipation, indigestion, colic, colds and simple fevers. Concerning them Mrs. Ernest Gagne, Beausejour, Que., writes: "I have used Baby's Own Tablets for constipation and colic and have found them so successful that I would not be without them. I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Hills.

Plains lie too far below the skies; The air of Heaven enfolds the hills, And joy and hope and life distills, And vision sanctifies.

Surging and singing in the wind, The upland pines call constantly; I long to lie and watch the sea Of blurring boughs, soft intertwined,

Or gaze across a steep, dark place Of purple gulfs sunk way below The forest's sweeping ebb and flow To sunshine on the mountain's face;

And lower still, to clustered fields All primly checked in varying green Or yellow where the grain's bright sheen

Gleams wavering like burnished shields.

From tiny homesteads, white and red, Wee, tiny threads of smoke ascend, And tiny figures wend and wend 'Twixt house and barn and yard and shed.

Lowlands are too remote from Heaven, They balk the eyes' far, perfect sight That plunges from the hills' sweet height,

Where understanding peace is given! —Katharine Sawin, Oakes.

He was unaware of the eccentricities to be found in the wild American West when he entered what seemed to be the only hotel in the place. After ushering him to a table and giving him a glass of ice water, the waiter inquired: "Will you have sausages or toast?"

"No, I never eat 'em," the guest replied.

"In that case," said the waiter, "dinner is over."

LONDON COUPLE ARE DELIGHTED

His Wife's Two Years of Trouble Is Now Ended, Says Frank Westlake.

"Tanlac has made all the difference in the world in my wife's health and we are both delighted," declared Frank Westlake, valued employee of the Public Works Department of London, Ont., residing at 40 Langarth St.

"About two years ago my wife underwent an operation that left her badly run-down and she simply couldn't get back her strength. Her appetite left her and she could hardly eat enough to keep going. The least exertion would tire her out completely. She would lie awake hours at night, too, and morning found her just as tired as when she went to bed. She suffered terrible splitting headaches, her nerves were on edge and she got very little pleasure out of life.

"But three bottles of Tanlac simply put her on her feet again. She can do her housework easily now, the headaches have gone, she sleeps soundly and her appetite is a joy to behold. I can't find words to express my gratitude."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.

WOMAN SUFFERED FOR MONTHS

Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs. LOUIS F. ELSASER, Hillcrest Farm, Webbwood, Ont.

Another Nervous Woman Finds Relief

Port Huron, Michigan.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. CHARLES BEELER, 501-14th St., Port Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound.
