IN MEMORIAM

ELSON—In loving memory of my dear sister, Annie L. Elson, of Thornhill, who died January 26, 1922.

No one knows the heartache,
Only those who have lost can tell
Of the grief that is born in silence,
For her I loved so well.

In that bright Eternal city,
Where no tears e'er dim the eye,
In that home of many mansions
I shall meet her by-and-bye.

SISTER FANNIE.

While other commodities have gone up 37 to 116% over 1914 prices, the FORD TOURING CAR has dropped 31 1/2% BELOW

Everybody's Business

THE Ford Motor Company has made a genuine attempt to give the public automobile transportation at a price within the reach of all. It has carried out the ideals of the inventor of the Ford Car, Henry Ford, and has placed the Ford Motor Company in the position of performing a public service to the people of Canada.

It has definitely made Ford products a national institution—being such, the Ford Motor Company believes it is justified in telling the public it serves, how the present low price of Ford Cars can be maintained in 1923.

How the Present Low Price of Ford Cars Can Be Maintained in 1923

We are absolutely frank with the public when we say that the present low prices are not justified by present production but only by the production it is hoped will result from them.

The present low prices for Ford Cars are based on maximum production only. To-day's market on steel and other raw material that goes into the manufacture of Ford Cars will not warrant these prices except at peak production. Ford prices must go up unless they are justified by increased production.

Everybody's Business

The Ford Car is everybody's Car—the Ford business is everybody's business. You and your neighbor, and his neighbor are all vitally affected by the price of Ford Cars.

If you are at all concerned about buying a Ford this year make it your business to let the Ford Company know about it.

W. G. Baldock, Ltd., Dealers, Richmond Hill

I understand that Mr. Ford and the Ford Motor Company have reduced the price of Ford Cars to a point never before conceived to be possible, and that these prices are not justified by the present volume of business, but that they have to bring about a larger volume of business to justify these prices.

While I am not immediately prepared to buy a car, I will want a car as soon as I can get it at these reduced prices, this will authorize you to inform the Ford Motor Company that I intend to buy a Ford unless something unexpected happens, and authorize this information so that the Ford Motor Company may proceed and manufacture this car during the winter months, so that I may have prompt delivery at the time I desire it.
