

Edgeley Farmers' Club

The Annual Oyster Supper of Edgeley Farmers' Club, January 17th, was a very successful event. The entertainment was provided by the U. F. O. office staff.

Mr. J. Snider the delegate to the U. F. O. convention presented some of the impressions he received there. Passed on the thanks from the North Ontario fire stricken members who had been helped, and spoke briefly on some of the possibilities of expansion. He stated that although the young people of York were very much alive in social sport and general agricultural activities, they were still a long way behind some of the other parts of Ontario in young people's work.

Mr. Amos, the new President of the U. F. O. took a militant stand against those who called us agitators and Bolsheviks. As long ago as 1215 the barons, who were the farmers in those days, organized, and forced Magna Charta from a tyrannical king. Nowadays it is not the farmer only, but bankers and capitalists who are alarmed at the poor returns from farming. Also it is worthy of remark, that two eminent students of co-operative movements have arrived without interchange of ideas at practically the same conclusion, and that is that Commodity Organization is the solution of the marketing situation. The two men are none other than Dr. Macklin, Prof. of Agriculture at Wisconsin University, and Mr. J. J. Morrison.

Mr. Amos made a plea for the support of the Farmers' Sun, asking those present to use as much judgment in the support of their own paper, as they do with the Ford car. He also stated that once the U. F. O. gets going strong, the men will have to look to their laurels.

Mr. C. E. Smith, secretary of Edgeley Club, presented his annual report as follows: The volume of business amounted to over \$30,000 and consisted of 5 cars wheat sold, bought 4 cars oats, 6 cars gluten, 3 bran and shorts, 2 corn, 2 steam coal, 2 nut coal, 2 furnace coal, 1 car salt, 1 cement, 1 wire fence, 1 posts. Also with the help of Elia Club, 3 cars of hay, oats, and provisions were sent to north fire sufferers. Among the benefits derived by the activities of the club were a telephone installed in the shipping station after a persistent effort of the secretary at the railroads expense. Also the club took the initiative to apply for relief from excessive Hydro rates, and later with the assistance of our municipal council, a pledge from the Government was received.

Further a deputation was sent to our council asking them to pass a by-law permitting the tax notices to be mailed and eliminate some of the expense. The secretary also reported he had calendars ordered which would be sent out to the members.

W. C. T. U.

The W. C. T. U. will meet at the home of Mrs. J. H. Sanderson next Tuesday afternoon, February 6th, at 3 o'clock. A specially prepared programme will be given at this meeting and every member is requested to be present.

IT COSTS LESS

When you figure the loss of time and uncertain yield through dirty seed grain, the acreage loss by reason to your growing worse than useless weed crops, you will readily see that the purchase of a Bull Dog Wild Oat Separator will prove a good investment to you.

We are agents for every line of Farm Implements. With the Fall Season coming on, you will no doubt find you are in need of some new machinery. Let us serve you.

Your Furnace will want looking after before cold weather sets in, or it may be you are contemplating the installation of a new Furnace. We have several lines worthy of your consideration.

We can serve you in Farm Implements and Repairs, Pumps, Lightning Rods, Ladders, Furnaces and Repairs, Eave Troughing, Metal Building, Supplies and all kinds of Tinsmithing.

ANNOUNCING

C. M. PALMER & SONS
AS DODGE BROS. DEALERS
FOR RICHMOND HILL AND VICINITY

DODGE BROTHERS MOTOR CAR

5,285 INSPECTIONS PER CAR

The faithfulness of performance so universally remarked in Dodge Brothers Motor Cars, is due in no small part, to the thoroughness with which each unit is inspected during the process of manufacture and assembly.

A trained staff of 1100 experts is employed in this work alone, and approximately 5,285 inspections are made on each car.

So exacting and rigid are the standards applied to these inspections that the slightest variation, either in workmanship or material, is sufficient cause for immediate rejection.

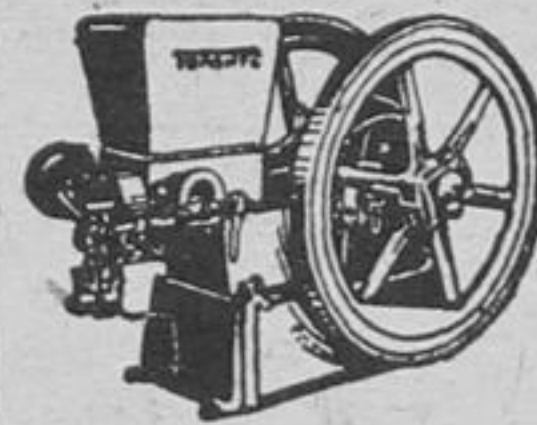

Dodge Brothers are almost over-scrupulous in their constant aim to make each car as sound and perfect as is humanly possible.

You Need a Good Engine

You can't realize the money-saving value of a good farm engine until you've seen how much more quickly and efficiently you can clear up the numerous odd jobs about the farm.

TORONTO

For milking, separating, churning, sawing, grinding, sharpening tools, mixing cement, shelling corn, filling the silo—there's nothing I know of that will give better service with so little attention as a Toronto Engine. And they operate on either kerosene or gasoline.

Let me explain in detail these sturdy little workers next time you pass my way. Don't forget to see their able assistants—The Toronto Saw and the Toronto Grain Grinder—at the same time.
