

## There are Dollars Lying About Your Farm

—in waste wood which one of my Toronto Saws will readily turn into fine fuel.

There's no piece of farm equipment I know of which will so quickly pay for itself as a Toronto Saw. That's why I recommend it so highly.

Toronto Saws are all-steel construction—require little power to operate—give many years of dollar-saving service.

You can't realize the saving in time, money and labor which you'll make with modern equipment on your farm until you have seen the "Toronto" line. I'll be glad to explain more fully at any time.
