

# I Want to Put Dollars In Your Pocket

There is no need to make a special trip to town for a load of chop if you have a Toronto Farm Engine and Grain Grinder of your own. And besides, it will save you a few cents on every bag.

Coarse or fine chop—for cattle or hogs—I would recommend the Toronto Grinder for efficiency and economy on your farm.

A Toronto Farm Engine, too, is a great labor saver. Attach it to your pulper, pump, cutting box, cream separator or fanning mill.

Think of the labor saved! It pays for itself in one winter.

I'll put dollars in your pocket if you'll come in and discuss Toronto Farm Equipment with me.

J. Lunau, Agent,  
Richmond Hill

### Transplanting Early Crops From the Hotbeds.

Two things are very necessary in this work; one, that the plants get as much air as possible and kept as cool as possible in this way getting them used to night temperature so that when set in the field they will be able to withstand a considerable degree of cold. The other is that of withholding water as much as possible; this has two direct effects on the plant. One that of enlarging the inner root system, the other that of stiffening the wall cells of the plant, making them more suited to withstand outside conditions. On many occasions it has been proved that a plant, which has only had the water required for its actual growth, the former came through a rather severe cold spell in good shape while the softer, more frequently watered specimen, froze.

In threshing and preparing grain for market, and especially for seed purposes, remember that a good fanning mill should be used to the best advantage.

## A Spring Day Up in Muskoka

A Spring day in Muskoka, with sky and water vividly blue; the smell of pine, the song of birds in the air. On a sunny slope a girl gathered trilliums with eager hands. She smiled at the questioning stranger.

"I never picked wild flowers before," she said wistfully. "We lived in the city. Father died, and then—mother, of tuberculosis. I was all alone. I wasn't strong,—worked too hard,—and I got it. They brought me here to the Sanitarium on a stretcher."

"But, look at me now!" exultantly. The glow of health was in her cheeks. "It's the rest and care and good food and fresh air that saved me," and her eyes shone joyously.

Surely she was worth saving, this bonny, blue-eyed girl! Surely the Muskoka Hospital for Consumptives deserves her gratitude!

Contributions may be sent to Hon. W. A. Charlton 228 College Street, Toronto.
