

TORONTO

Rust Defying - Because Hot Galvanized

There's one feature in particular you'll appreciate about Toronto Stable Equipment. It's the only Stable Equipment made in Canada in which the galvanizing thoroughly covers and completely coats the metal and the inside of steel tubes as well. This method makes it absolutely rust defying and proof

against strong stable acids for the maximum period—while the method ordinarily used simply applies a surface coating and goes only a short distance inside tubing.

Toronto Stable Equipment will make work easier—keep cattle healthier—bring more profits. Let me explain the many advantages of Toronto Stalls, Bull Pens, Water Bowls and Litter Carriers.

J. Lunau, Agent, Richmond Hill, Ont.

IT COSTS LESS

When you figure the loss of time and uncertain yield through dirty seed grain, the acreage loss by reason to your growing worse than useless weed crops, you will readily see that the purchase of a Bull Dog Wild Oat Separator will prove a good investment to you.

We are agents for every line of Farm Implements. With the Fall Season coming on, you will no doubt find you are in need of some new machinery. Let us serve you.

Your Furnace will want looking after before cold weather sets in, or it may be you are contemplating the installation of a new Furnace. We have several lines worthy of your consideration.

We can serve you in Farm Implements and Repairs, Pumps, Lightning Rods, Ladders, Furnaces and Repairs, Eave Troughing, Metal Building, Supplies and all kinds of Tinsmithing.

Only a Youth, but Never Knew a Boyhood

George Adams is a very weak boy—he's so weak he can't even turn the pages of a book without feeling pain. He has a good many brothers and sisters and his parents are very poor. So when George put on long trousers—he was just 13 at the time—he became a man and took upon himself the task of earning money for the family.

He went to learn a trade in an iron foundry, where fumes and hard work undermined a weak system and sowed future trouble. Now and then one other working member of the family would cease earning through sickness or loss of job, and George would have to keep his nose to the grindstone a few more hours each day to make up for it. His life was just work, work, work, until one day he dropped on the floor. The company physician, who examined him, prescribed a year or two at the Muskoka Hospital for Consumptives. He can't understand why he never had a boyhood and none of the good things of life, but he's fairly happy—he knows separation from his family safeguards them. He's content, and he still has hope.

There are many just such deserving cases in need of treatment at the Muskoka Hospital. Will you lend a hand. Contributions may be sent to Hon. W. A. Charlton, 223 College Street, Toronto.
