The Mission Book Co. of Toronto,  
have issued a biography by Owen  
E. McGillicuddy, relating to the Right  
Hon. W. L. Mackenzie King. The  
work is called "The Making of a  
Premier." The book contains a  
statement of facts relating to our  
esteemed Premier's school days, the  
various stages of his progress and  
achievements, up to the time he ac-  
cepted the high and honorable posi-  
tion he now holds. The biographer  
had an easy subject, but he handled  
it well, and the picture of the steady  
rise of one Canada's sons should be  
an inspiration to every young man  
that reads the book.

town—for the town dweller to get into  
the country.

**SELF-OILING — SELF-REGULATING**

With the Strongest Tower Built

It's the "Toronto" Self-Oiling Windmill—requiring "oil only once  
a year". All gears operate in a bath of special oil affected by  
neither heat nor cold—every bearing and  
working part thoroughly and automatically  
lubricated.

If you have a "Toronto" Windmill now, you can obtain  
this self-oiling feature by interchanging the head and  
using your present wheel. Most Toronto Windmills,  
too, can be made absolutely self-regulating in operation.  
The "Toronto" Tower will stand for a lifetime because it  
is the heaviest, strongest and best-braced one built for any  
windmill. See this new Mill now—or get my booklet.
