"THE END OF THE ROAD"

Some people may condemn, and others sympathise with the unfortunate Leo. Rogers, but it might be well for many a wayward young man if he would heed the Globe's warning in the following words:

"He may have been a madman since his youth. He acted like one. Officialdom may have blundered in his treatment from the beginning. It would seem so.

But Leo Rogers is another warning to those who choose the by-paths, who wish to do wrong, who set out to defy the laws of God and man.

The brief day of bravado and banditry is soon over. And then—"the end of the road."

Wrong-doing does not pay. It is not worth its price."

We have heard it stated that a union of the Methodist, Presbyterian and Congregational churches might take place if the different bodies could find a name that would be satisfactory to each of the congregations.

Recently there has been a good deal of talk about a possible union of Liberals and Progressives in the Local House. Here, again, the name crops up and causes trouble. The platform of the two groups is practically the same, but men who broke away from the Liberal party and united with the U. F. O. do not like to be accused of instability. On the other hand it is hard to expect Liberals to give up their identity and form a third party. A split between the above named political parties seems to be the only chance for Hon.

Howard Ferguson and his followers to be returned to power.

Buttonville

The funeral of the late Mary Leggot, beloved wife of Steven Wilkinson, took place from her residence last Thursday, to Thornhill cemetery. Service was held in the house, by the Pastor, Rev. Mr. Fralick, of Thornhill and was largely attended by relatives and friends. She leaves to mourn her loss a husband and family.

MAPLE

The concert given in the Community Hall last week by the Choral Class was enjoyed by all who were present. A first-class programme was given and those who did not attend missed a treat. It is intended that Choral practice will be resumed in the fall and it is hoped that the Class will have the support of the village.

It has been decided to hold the annual Union S. S. picnic at Vellore on July 4th.

A league football game was played at Woodbridge last Friday night between the Woodbridge and Maple teams, the former winning by 3-0.

On Saturday the King City football team defeated the Neilson team in Toronto by a score of 3-2.

The streets here are being repaired by a thick coating of broken stone and tarvia.

The funeral of the late Laura M. Baxter, beloved wife of Noah Hoiles took place on Friday to King City cemetery. Everyone sympathizes deeply with the sorrowing family in the loss of a loving wife and mother. 1

York Pioneers at Sharon

The annual gathering of the York Pioneers and Historical Association was held at Sharon Temple Saturday. Early in the day scores of motors were parked in the grounds, and families and friends picnicked together. The grand old edifice erected nearly one hundred years ago by David Willson and the "Children of Peace" is in a good state of preservation, and the many relics it contains, were examined with much interest.

Dr. James L. Hughes, who was largely instrumental in securing the restoration of the Temple by the York Pioneers, and its conversion into the York Museum, was in charge of the arrangements, and gave a short history of the undertaking. Mr. G. H. Locke, Chief Librarian of the Toronto Public Library, gave an interesting address, and chief Big Cance, 90 years of age, from Georgina Island, also made a pleasing speech. Several presentations were made, including a magnificent flag-pole by H. S. Cane, of Newmarket.

Vocal solos were contributed by Stanley Hatt and Miss H. Chater pupils from William on Road school, who had taken first prizes at the

Ontario Musical Festival recently held in Toronto.

It's Important to Cut Silage at the Right Time

If silage is cut too green—or after the frost has taken hold of it—it won't make nearly as good or profitable feeding as if cut at just the right time.

That's where one of my "Toronto" Ensilage Cutters proves its worth. Makes you independent of a hired outfit—enables you to cut at the right time.

Enables you to refill after shrinkage, too—a feature which helps pay for the Cutter in a short while. And it will cut your straw in the winter.

A small gasoline engine will operate this efficient Cutter. Let me demonstrate its quality features to you or ask me for free literature.
