Sporting Notes

GIRLS STILL WINNING

Richmond Hill girls made a most creditable showing during the baseball season this year—one of the greatest in their history. And now comes the High School girls with a high class basket-ball team, a little above the average of high school teams. They have played two games thus far. In their first game of the season they lost out to Aurora by a score of 8-7. In the second game they won out from Newmarket by a score of 28-20. The local team is composed of the following players:—Jumping Centre, Ursul McCluskey; Side Centre, Isobel Cowie; Defense, Violet Shepherd and Evelyn Kerswell; Forwards, Marion Forroster and Olive Paris. The writer is glad to see the names of at least two members of the baseball girls first team among the list, those of Isobel Cowie and Olive Paris. May their field of usefulness be enlarged in his wish.

AND THE BOYS TOO

The Richmond Hill High School football team are more than holding their own thus far. In the three games played they have won two and tied one. They defeated the Cadets by 4-1, Newmarket by 2-1, and tied Aurora 1-1. May the good work continue.

SPORTING PUNTS

Come on, you hockey season. Yes, we've got a new rink, and expect to use it too. Good winners are good losers; poor losers are poor winners. Every athlete who plays a game for the love of the game gets most out of the game. It takes nine players to win a baseball game, and six to win a hockey game. No one player wins either. Don't meet me at the fountain; meet me at the hockey meeting tomorrow (Friday) evening in the Council Chamber at 8 o'clock, not 8.15.

York Ranger Cadets

The pick-up football team from the Cadets, who challenged the Third Form students of the High School, gloriously distinguished themselves on Wednesday, the 17th, the score being a tie. The pick-up team was most decidedly "under age," and bespeaks much for Mr. Watson's line-up of athletes in the Public School.

The Cadet Corps Radio Club was very successfully organized last Friday evening at the home of Mr. Harry B. Stirling, the Honorary President of the Club. The coming winter promises to be one whereby every member will have an opportunity of gaining valued knowledge in Radio work. The meets are to be fortnightly, the members donating the sum of 10c. at each meet which will be taken to defray expenses for practical experimental purposes.

Due to the kindness of Mrs. Stein, refreshments were served, and for her kindly thought the radio fans are truly grateful.

Registration for the 1924 season continues to be such that the O. C. is considering the matter of discontinuing the Cadet Corps work, the financial strain of which has been to him, during the past year, a very great burden. It now rests with the ex-members of the Corps, and if they are desirous of having the athletic privileges, as previously provided for them, further continued the O.C. will arrange to "carry on," but it is a matter now for the Cadets and their parents to decide. With no place of meeting the work is a task—not only discouraging, but most disheartening—and, in view of past sacrifices made of both time and money, it would most naturally be conclusive that the effort after all is not worth while.

Vaughan Council

The next meeting of the Council of the Municipality of Vaughan will be held in the Town Hall, Vellore, on

MONDAY, NOV. 5, 1923 at 10 o'clock J. B. McLEAN, Clerk.

H. A. Nicholls
