The Liberal extends the season's greetings to its readers and friends, expressing its appreciation for favors received during the past year. And may it still be our privilege to serve you during the coming year.

King County, New Brunswick, elected a Conservative last Thursday by a good majority. This following so closely after the Halifax election will doubtless make the Liberal Government at Ottawa feel a little uncomfortable.

Ex-Mayor T. L. Church is again in the field for the Mayoralty of Toronto, in a three cornered contest with Controller W. W. Hiltz and J. A. Currie, M.P.P. As Mr. Church has already had seven years in the Mayor's chair, and as Mr. Hiltz has for a number of years done good work in the City Council it seems to be the opinion of many that the latter has earned the position by faithful service.

Every elector should try and attend the Nomination Meeting in the Masonic Hall next Monday evening. In former years only those women who held property in their own name, were entitled to vote. Now, practically every woman has the privilege of casting a ballot. Come out and hear the views of those who will offer themselves for the position of Reeve, Councillors and School Trustees. No smoking, please.

Hospital for Sick Children

COLLEGE ST., TORONTO.

Dear Mr. Editor:—

Recent discoveries in medical science have called attention to the great service rendered by an up-to-date hospital through facilities provided for research. Probably few laymen appreciate the amount of this work conducted under the auspices of the Hospital for Sick Children. Yet it is only by intensive study of the causes of children's diseases that the hospital staff has been able to establish a world-famous record for cures. Statistics show that the rate of infant mortality in this Province has been steadily decreasing, until it is now among the lowest in the world. What that means is that hundreds of Ontario parents owe their children's lives to the research work in the laboratories of the Hospital for Sick Children.

Although the doctors give their services freely, the bills for equipment add up annually to a good many thousands of dollars. But in view of the results attained, I feel that not one of your readers will cavil at the money so spent, and I confidently venture the hope that many of them at this Christmas season will wish to enrol themselves in the Hospital's campaign on behalf of Ontario's childhood.

To carry on this research work there is not one cent except what comes in from voluntary subscriptions. For the care of the children occupying hospital cots there are certain statutory grants, but these represent scarcely more than half what the Hospital needs. Last year, for instance, the Hospital doctors looked after an average of 253 in-patients and 192 out-patients daily. Quite a colony of ailing youngsters! And the expenditure—although whittled down to the minimum commensurate with efficiency—was \$318,917. The income to the extent of at least \$100,000 depends upon the regard which the people of Ontario have for the Hospital's work and the generosity with which they express that regard.

May I ask you, Mr. Editor, to point out to your readers that since the establishment of the Hospital for Sick Children, at least four more Ontario youngsters in every hundred have survived the trials of childhood? For with that simple statement of fact brought to their attention I feel sure that many of them will bestow their benediction upon the work of the Hospital for Sick Children by sending some Christmas gift, according to their means, in care of the Secretary-Treasurer, at 67 College Street, Toronto.

Faithfully yours,
IRVING E. ROBERTSON,
Chairman of Appeal Committee.

Since the Hospital Opened Its Doors in 1875, 65,231 In-Patients Treated—603,055 Attendances of Out-Patients.

MAPLE

Rev. Dr. Duncan, of Toronto, occupied the pulpit of St. Andrew's church on Sunday morning. Suitable Christmas selections were rendered by the choir. The annual Christmas tree and entertainment in connection with St. Andrew's Sabbath School was held on Friday night. After tea was served an interesting programme was given by members of the school.

The pupils of the Public School gave a very successful concert in the Community Hall last Wednesday night. A lengthy programme was given, after which the presents on the Christmas tree were distributed. The pupils presented the Principal Miss Carey with a gold-mounted fountain pen with initials, and Miss Webster with a silk scarf.

The house occupied by Mr. Fred Paige on Mr. Thomas Keffer's farm was destroyed by fire, with all the contents. Mr. Elsworth Keffer was the first to see the fire and gave the alarm. The inmates barely escaped with the lives.

Mr. and Mrs. G. W. Bailey, and son have gone to Hawkesbury, to spend the holidays with Mrs. Bailey's parents Rev. and Mrs. E. C. Currie.
