If meetings are called for the Council Chamber it is generally safe to bet they will be held in the Public School or the Masonic Hall, and if called for the Masonic Hall you may put up your money that they will be held in the Council Chamber or some other place. The only safe way is to "follow the crowd."

The regular monthly meeting of the Horticultural Society will be held Tuesday evening, Feb. 19 in the High School, at 8 o'clock. After the business meeting, reports of the Delegates to the Convention of the Ontario Horticultural Association, held Feb. 7 and 8 in Toronto, will be received. Members are urged to attend. 1924 fees due.

At the annual meeting of the Ontario Association of Fairs and Exhibitions held in Toronto, Wednesday of last week the following were elected officers for the current year: Pres., A. R. G. Smith, New Hamburg; First Vice-Pres., Jas. McLean, Richmond Hill; Second Vice-Pres., A. T. Morrow, Maxville; Secretary, J. Lockie Wilson, Toronto; Treasurer, J. E. Pearl, Hamilton.

#### Seed Fair

The annual Seed Fair, under the auspices of the Richmond Hill Agricultural Society, held in the Masonic Hall last Saturday was well attended by farmers from surrounding sections. The exhibits were well arranged so that everybody could examine for himself. Most of the classes were filled. There were 4 entries in alfalfa, 5 in barley, and 8 in white oats.

The judging was done by Prof. Squirrel of the Ontario Agricultural College. In his address which followed the judging he congratulated the society, stating that it was one of the best fairs he attended this season. He spoke of the importance of good, pure seed in the different crops.

In reply to questions, Prof. Squirrel doubted the advisability of sowing Western oats as there was a danger of being touched with frost. He recom-

mended Banner oats on good soil. In speaking of Saturday's exhibits he said that the 5 lots of barley were all good, well graded, the alsike, beans, and potatoes were creditable, and the peas and wheat fair.

Mr. J. E. Francis, President who was in the chair, thanked the Professor for the pains he had taken, and then called on Prof. MacLennan who spoke principally along the lines of Horticulture.

Orchards pay well if they are properly looked after, but they must be pruned and sprayed if we expect good clean fruit. Mr. MacLennan stated that some years ago they had at the O. A. C. scores of various kinds of apples, but that they had cut them down to 8 leading varieties. He recommended the Macintosh Red, Northern Spy, Fameuse, Scarlet Pippin, Greening, Baldwin and some others.

A hearty vote of thanks on motion of Mr. James McLean, and seconded by Mr. J. S. McNair was tendered the speakers for the information imparted which was most helpful.

#### Obedying His Teacher

A father going into his stable one day found his little son, with a slate and pencil in his hand, astride one of the horses.

"Why, Harry," he exclaimed, "what are ye doing?"

"Writing a composition," was the reply.

"Well, why don't you write it in the house?" asked the father.

"Because," answered the little fellow, "the master told me to write a composition on a horse."
