After next Sunday evening service in the Methodist church, Mr. Melicci will give an organ recital with a group of Folk Songs. The last number to be played will be "The Storm." Everybody welcome.

Mr. David Benson for many years a respected resident of Richmond Hill, died in Toronto on Saturday. The funeral took place from the residence of his son, Walter, to the Village Cemetery Monday afternoon.

Winter sports seem to have come to an end for this season, as it is some days now since we have had any wintry-like weather. The crows and robins have made their appearance in numbers, and they do say that the sap has commenced to run.

A number of our citizens went to the City Monday evening and heard splendid addresses in Convocation Hall, by Hon. George Foster and Hon. N. W. Rowell. The meeting was held under the auspices of the Toronto Branch of the League of Nations Society, with Sir Wm. Mulock in the chair.

The young ladies hockey match had to be called off last night on account of well-worn ice. It was unfortunate, as they would have received the support which was necessary to pay their way. On account of the uncertain weather at this season of the year the young ladies are asked to put away their sticks until the early part of next winter; no more practices this season. They enjoyed themselves and made rapid progress while doing so.

A young woman reports that she was travelling on a train recently, when a country girl, evidently on her first trip, entered and occupied the other half of the seat. The conductor came through calling for tickets and after some embarrassed fumbling the girl handed hers over. A few minutes later a train boy came down the aisle behind her crying "Chewing gum." "Mercy!" said Miss Innocense to her seat companion, "do we have to give up our chewing gum too?"

Economy

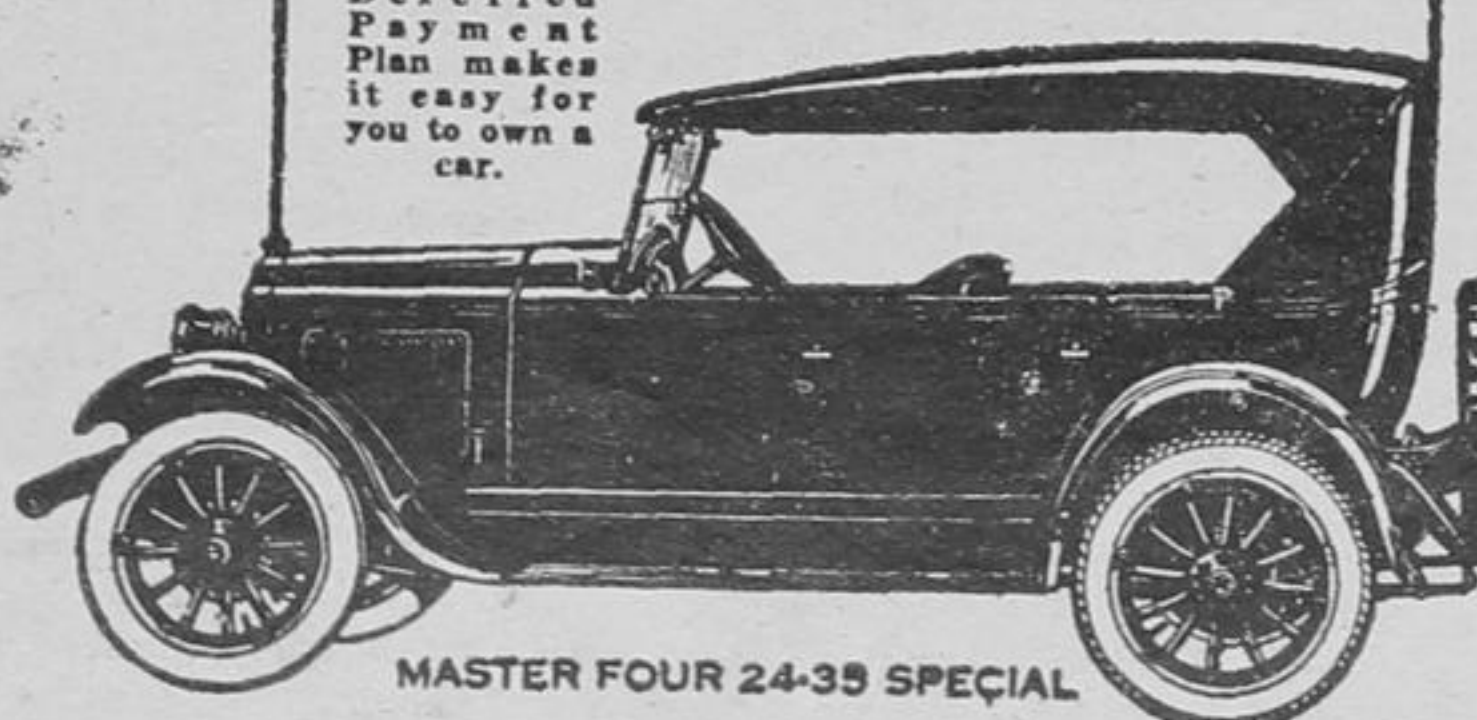

THE cheapest motor car is not necessarily the most economical car.

The new 1924 McLaughlin-Buick Master-Four is the logical car for every person to whom economy and service are of prime importance.

This high-grade Four is so rugged and so well constructed that repairs are seldom needed and upkeep expense is at the minimum. The Master-Four McLaughlin-Buick motor is extremely powerful, yet the gasoline consumption is low.

The Master-Four is so reliable and efficient that it delivers day in and day out service with very little depreciation, so that the man who owns a Master-Four can get a higher resale price than the owner of other makes of cars.

Get the Most for Your Work and Money

I know you've a big investment tied up in your fields of corn and your beef and dairy cattle. I want to see you get full returns for this money.

That's why I recommend one of my "Toronto" Wooden Silos. It's built to retain all the tasty food value of the corn—and cattle fed on this kind of silage will give more milk and make better beef.

"Toronto" Silos are durably built of selected spruce, double tongued and grooved to exclude the air, treated with creosote to lengthen their life. The Silo is thus protected against dry or wet weather, freezing, thawing or any action of the silage. The special Hip Roof, too, gives 15% extra capacity.

Get full value for your investment. Let's talk it over or get some of my free literature.
