Footballers Organize

At the annual meeting of the Woodbridge and District Football Association it was decided that the schedule for 1924 should include Woodbridge, Elders Mills, King City, Maple, Thornhill, Thistletown, Edgeley and Ebenezer. The officers chosen are Wilbert Cousins, of Maple, president; W. Rolling, Laskay, first vice-president; George T. Elder, of Elder's Mills, second vice-president; W. T. Whitmore, of Edgeley, secretary; W. Wilds, Woodbridge, treasurer, and Frank Baggs and Ed. W. Brown, auditors. The executive will consist of the officers and one member from each of the clubs named.

Will all those who are interested in Baseball, turn out to all regular practices. Practices to start Monday, May 12.

VILLAGE COUNCIL.

The Council met on May 5, 1924, in the Clerk's office, all the members present. Minutes of previous meetings read and confirmed.

Messrs Mylka and Cooper addressed the Council on behalf of the Loyal Orange District Lodge of Centre York, with a view to having an assurance that the Park Grounds and Buildings would be available for a demonstration on July 12 next. The Council gave its assurance that the Park and Buildings would be at the Lodge's service as requested. The Village Building Inspector reported that Building permits to the value of \$255,000 had been issued for the month of April.

A petition signed by L. Teetzel and 125 others was read asking the Council to proclaim daylight saving in Richmond Hill to coincide with Toronto dates for the same.

A requisition from the waterworks superintendent for meters and other material was read and on motion the Clerk was instructed to procure the material needed.

Major Blaney addressed the Council with a view to having needed improvements on the Richmond Street drainage, he offered to deepen the ditch in front of his own property provided the Council would continue the work to the proper outlet. The Council assured Major Blaney that this work was contemplated for the near future.

An application for electric power was read from Mr. J. F. Burr, and was laid over until next meeting of Council.

A request from the Salvation Army, of Aurora, was read asking permission to hold a tag day on May 24th, was read. On motion permission was granted in as far as the Council had authority in the matter.

Letters from the American La France Co., and from Mr. W. A. Duncan, were read with reference to fire trucks, the Clerk was instructed to write Mr. Duncan, asking for prices and full particulars of the apparatus specified in his letter.

A communication from the Canadian Des Moines Co., re painting the water tank was received, to which the Clerk was instructed to reply.

A deputation composed of Messrs Mills, Arnold and Dunlop addressed the Council with reference to the purchase of a Chemical Fire truck. Mr. Mills stressed the possibility of damage to the Greenhouse industry as being much greater than would be involved by any other industry in case of fire, and the consequent greater necessity of a more effective means of fighting fire than we at present possess.

Mr. Arnold stated that there was little or no chance of getting water to his greenhouses and while he was paying taxes for fire protection he was not getting it, while a chemical engine, such as was advocated would give the protection needed. Mr. Dunlop pointed out that the greenhouse industry employed considerable labor and paid out a large amount of wages annually; he also stated his opinion that the importance of this industry to the Village deserved the consideration of the Council in the matter under discussion. The Council gave the deputation the assurance that every consideration would be given to the question.

A letter from the Hydro electric railway notifying the Council that the Railway schedule is according to Daylight Saving time, and asking for information as to the Council's intention as to making the change of time in Richmond Hill. The Clerk was instructed to reply to the effect that the Council was considering the matter.

The Building Inspector stated that some parties in the Village were ignoring the provisions of the Building By-law, and suggest that the Council take immediate steps to have the bylaw enforced. On motion of Councillor Endean, seconded by Councillor McLean and carried, the Clerk was instructed to write the parties in default, notify-

The Meaning of Chevrolet's "Economical Transportation"

IT is more economical to travel by Chevrolet than by any other means. That is what it means to say that Chevrolet is the most economical form of transportation.

This implies, first of all, that Chevrolet costs the least per car-mile—that it is less expensive to operate than any other make of car.

But, more than that, it means that Chevrolet is more economical than any other kind of transportation.

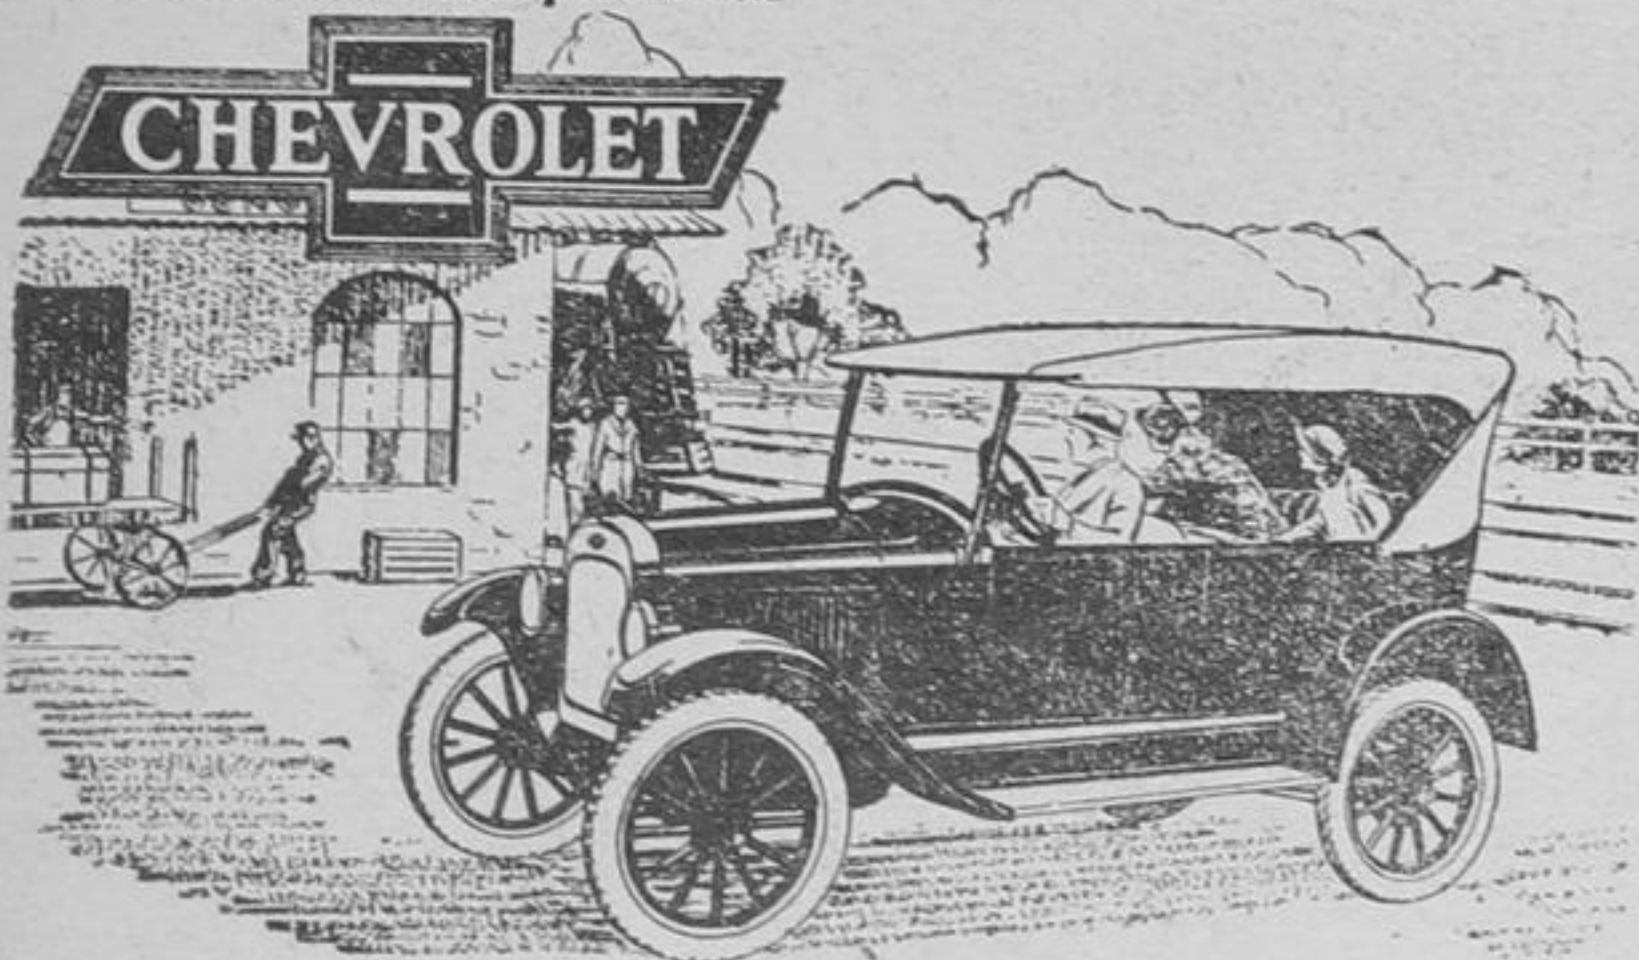

An investigation among Chevrolet owners of all classes, shows that it is not only more convenient—but also more economical—to travel by Chevrolet than by railway-train or trolley car. The information received gives an average of 30 miles per gallon of gasoline and over 1,300 miles per gallon of oil.

Chevrolet is easy to own. The G.M.A.C. plan of deferred payments will enable you to finance the purchase. Investigate the new Superior Chevrolet today.
