## As-Per Instructions

"He's perfectly quiet, ladies," remarked the man to the two girls who were about to hire a pony and trap. "Only you must take care to keep the rein off his tail."  
"We won't forget," they said.  
When they returned he asked them how they got on.  
"Splendidly," they exclaimed. "We had one sharp shower, but we took it in turn to hold the umbrella over the horse's tail, so there was no real danger."—Pearson's Weekly.

INQUIRIES SOLICITED

The strike of the postal workers is causing much confusion, annoyance, and injury, not only in Toronto, but in various outside parts. A good percentage of first-class mail matter trickles through, but tons of weekly newspapers are piled up in the city. As usual, in strikes, the public suffers.

The splendid rains of the past week have greatly helped vegetation, and grain that was sown late gives promise of a good crop. Gardens are making good headway, and generally speaking, the fruit crop will be abundant. It is true the late frosts nipped some of the plants, but, fortunately, little damage was done, although there were several close calls.

## The York Ranger Cadets

(Contributed)

The loyal and spontaneous support of the citizens is solicited for the Cadet Garden Fete to be held on the grounds of Mr. Harry B. Stirling's residence, Yonge St., on Dominion Day, in the afternoon, as also the evening.

Representative committees of each denomination are busily engaged with details this week. Mrs. Williams and Miss Bertha Palmer, of the Church of England, Mrs. Watson and Mrs. Phipps, of the Presbyterian Church, Mrs. Cook and Mrs. Armand Savage, of the Methodist Church, and Mrs. J. A. Greene and Mrs. Lynett, of the Roman Catholic Church.

Mrs. Perry has also extended her zealous co-operation for the worthy cause that this is held for, organized sport of our boys, a departure to-day paramount in the civic life.

Capt. Harty Morden would most respectfully ask for the co-operation of the business men of our town. In Richmond Hill we are perfectly organized in the Bowling Green, in the Curling in the winter and in the advantages that the Arena affords for the furthering of winter sport. To the south, Willowdale and Lansing have inaugurated a most ambitious departure for the boys of their community, that every boy may be brought under an organization which will afford him every advantage in his physical development. Let us do the same in our community. A swimming pool has been built but it can be made more commodious for the boys with the building of a diving stand; also for dressing accommodation. One baseball team has been organized, fully equipped, and they are doing splendid work. The senior cubs should be likewise equipped, as also the Junior cubs.

The citizens are also asked to co-operate in the matter of equipping perfectly the gymnasium at the High School, that nothing may be lacking in the advantages for the pupils in attendance there.

The Garden Fete gives us this opportunity, and if successful an endeavor will be made to bring a qualified instructor at the pool to inaugurate an intensive training course for the boys as also the girls in swimming. May the Fete therefore meet with the success that it deserves.

The Richmond Hill band will be in attendance at the Fete in the evening, as also an orchestra, the afternoon proceedings being also original and intensely interesting in detail.

## VICTORIA SQUARE

The weather for the S. S. Anniversary on Saturday and Sunday was ideal. On Saturday afternoon a good programme of sports was enjoyed by all. Among the pleasing events were the following:

The Street Parade, planned by Mr. Lyon, and successfully carried out in every detail by the members of the school, was the occasion of many complimentary remarks. James Olinkard and Henry Arnold received first prize. The Comic Baseball Match was ludicrous to the onlookers but rather costly to some of the players, for, in the mix-up, their pockets lost their valuable contents.

In the Married Men's Race Herman Mostson won first, with Henry Arnold close upon him.

The Tug-of-War, between young men and married men, brought victory to the latter, much to the satisfaction of the married ladies.

In the Nail Driving Contests Miss Ella Dennie and Miss Marion Klineck won prizes for the single ladies, and Mrs. L. Nichols and Mrs. Jacob Lunau for the married ladies.

The last, but not least, event of the afternoon was the baseball game between the Square and Richmond Hill. The home team were easy winners with a score of twenty to six.

The committee in charge of light for the evening had a rude shock when, by chance, they found out, at 6.30 p.m., that the firm who had asked to light the grounds were not going to do so. However, Mr. Geo. Baker, of Gormley, agent for the Caron Light, was on the grounds and his assistance was asked for. In less than two hours he had a plant on the grounds, the platform wired, lamps arranged above, as well as a number of footlights, and illumination was complete for evening programme.

The director of the drill and play, Mr. E. J. Hitchcock, spared no pains in his preparations, and his pupils conducted themselves ideally. The young people of our school displayed great ability in the rendering of their respective contributions. The Hope Orchestra provided music between the plays.

On Sunday afternoon and evening Rev. E. Payne preached to large congregations of prayerful listeners. In the service of song Miss Taylor and Mr. Bailey contributed several solos, which were well rendered.

An army of men are working at the cemetery this week, levelling and improving the burying-ground. When work is completed we shall have an ideal rural cemetery.

## Rod And Gun

Fishing from coast to coast in Canada features the July issue of Rod and Gun in Canada, as among the score of interesting articles and stories there is included the trout fishing experiences of H. M. Burwell in British Columbia, a story of fishing in the Margaree river, Nova Scotia, by N. M. Browne, an article on the sea trout, by Bonnycastle Dale, and as a special feature an unusually authoritative article on inland game fish by Prof. A. V. S. Pulling of the University of New Brunswick. Also articles on fishing, hunting etc. Rod and Gun in Canada is published by W. J. Taylor Ltd., Woodstock, Ont.

## The Last Word in Motor Car Value

The selling price of any automobile is based on the cost of material, production, distribution and overhead.

Large volume of sales greatly reduces all these costs.

Chevrolet now occupies first place in sales of fully equipped quality automobiles.

Therefore it has been possible for Chevrolet to establish the lowest price in the world for a quality automobile.

Also Chevrolet is the lowest of any car in cost of operation.

Seeing is believing—see the Superior models in our showroom. C1510
