

Running Water!

When and Where You Want It

On any farm of average size at least one hour a day—36½ ten hour working days a year—are spent in the irksome, wearying task of pumping water. 36½ days which one of my Toronto Windmills will give you for profitable work, rest or recreation—besides supplying running water wherever you want it.

The one bothersome task, that of oiling the windmill in all kinds of weather, is overcome in the Toronto Self-Oiler, which requires fresh oil only "once a year." Friction and wear are practically abolished. Toronto windmills, too, can be made absolutely self-regulating in operation.

The "Toronto" Tower will stand for a lifetime because it is the heaviest, strongest and best-braced one built for any windmill. Let me explain why I believe this is one of the biggest conveniences you can have.

Special attention given to sales of every description. Farms and farm stock sales specialty. Farms bought and sold on commission. All sales attended to on shortest notice, and conducted by the most approved methods. Patronage solicited.

Sporting Notes

Maple girls have the makings of an A1 soft ball team.

Richmond Hill ball girls wish to thank Mr. M. J. Burke for his kindness in conveying them to Thornhill in his truck, which he had fitted with cushioned seats for the occasion.

A team of Richmond Hill ball girls played together for the first time this year at Thornhill tournament on Tuesday. They had no intention of playing any games until they had had a few practices together, but on the solicitation of Secretary Dean, of the Thornhill Executive, received by yours truly on Monday, the evening was spent in rounding up the following players for the occasion: Misses Francis Batty, Janet French, Daisy Hart, Isobel Cowie, Lillian Burns, Margaret Ireland, Marjory Tindall, Gladys Grant, Violet Shepard, and Olive Paris. The fact that our neighbors to the south have shown a neighborly spirit on more than one occasion on sports' day in Richmond Hill is not to be overlooked; hence the visit of our girls. Their entry made it a four-team contest, necessitating three games. The draw resulted in Richmond Hill being paired with Maple for the first game, and Hope and Dublin for the second game, the two winners playing in the final. As to the first game:—Yours truly hereby tenders full credit to the Maple girls for their win over Richmond Hill girls in a seven-inning game by a score of 13 to 11, and also wishes to state that he is satisfied with the showing made by the Hill girls in their first appearance together this year; they made a creditable showing against a team who have been in harness several weeks and have played a series of games with Hope girls, one of which he witnessed at Maple two or three weeks ago. The second game, between Dublin and Hope, had a dramatic finish. Dublin girls were in the lead at the end of the sixth innings, 23 to 13, when a heavy shower interfered with play. Play was resumed after the sky cleared and the sun shone. Hope girls went to bat first in the seventh, and before the side was retired had annexed another 11 runs, making their total 24. Dublin were held scoreless in their half of the seventh, Hope winning out by a score of 24 to 23. The final game, between Hope and Maple, proved a one-sided affair, Maple winning by a score of 16 to 2. Jessie McLean, Maple's twirler, was master of the situation at all times, and received splendid support from both infielders and outfielders.

LONG LIFE

In buying a motor car, consider what the cost will be when divided over a period of years.

What is the car's reputation for satisfactory service after the first year? After the second? And after the third—and fourth?

These considerations, in the final analysis, are the true basis of economy in motoring.

And it is this attribute of long life to which Dodge Brothers Motor Car owes its chief claim upon the unalterable loyalty of its owners.
