This information came from a conference held at Winnipeg today between Representatives of Canadian National Railways, Provincial and Federal Governments and the Labor Boards. It was also brought out at this meeting that harvesting is expected to commence in Manitoba about August 20th and in Saskatchewan and Alberta about August 25th.

A further meeting is to be held about August 2nd in Winnipeg to decide upon the date when the special rail fares for harvesters will go into effect. This date will be governed by the time when the farmers are prepared to accept harvesters.

Representatives of Canadian National Railways were asked by the Government Officials to state how well they were prepared to handle this traffic and they were told that the National Railway System has approximately 400 cars, of the very latest type of colonist equipment held in readiness for the handling of the excursion. In addition there are ready for service on these trains a number of specially designed lunch counter cars, all of them larger and better equipped than any other cars of this type in the country.

The Special Meetings still continue each night except Saturday, at 8.30; Sunday at 7.30, in the GOSPEL TENT Yonge & Richmond Sts.

We preach what Moody, Spurgeon, Wesley, Knox, and others preached, viz: the GOSPEL of the grace of God, whereby sinners can be saved.

Come and hear for yourself.
