The attendance at the Canadian National Exhibition last year was 1,493,000 people. The attendance this year so far is 27,500 more than the corresponding date last year.

Bolton and Kinghorn football teams are billed to play for first and second prizes at Maple Saturday afternoon, August 31, at 3 o'clock standard time. The game was stopped at Maple's Field Day on account of darkness.

Rev. E. Ryerson Young and Mrs. Young have returned to their work on the Newton Brook circuit. Mr. and Mrs. Young had a delightful visit with their friends in Muskoka, visiting at Stoney Brae, Port Carling and Elgin House.

Visitors at Mr. W. Hewison's—Mr. A. O. Hamilton, Mrs. Hamilton, daughter Grace, of Brooklyn, New York; Mr. W. Hamilton, postmaster at Uxbridge and Mrs. Hamilton; Mrs. Roy Hamilton and two children, of Regina, Sask.

Miss Agnes Reid, of Calgary; Miss Reid, of Winnipeg; Mrs. Mackie, of Brantford, and Miss Laurine Money, of Brandon, formerly of Richmond Hill, visited with Mrs. Wm. Rumble and family for a few days, and called on a number of old friends.

Dr. A. J. Vining will hold an open-air service at Bond Lake, Sunday afternoon, August 31st, at 3 o'clock. Eight of the Armenian boys will be present and sing in Armenian and in English. Arrangements are also being made to have them sing at the evening service in the Presbyterian Church.

Quarterly Religious Services will be held in the Methodist Church next Sunday. Communion at 11 a. m., and in the evening at 7.30, the subject will be "The Fortune of Misfortune." The pastor will take both services. As next Sunday will be the first after his vacation, Mr. Warren hopes to see large congregations both morning and evening.

C. N. Hoffman, his brother Harry, their wives and two children, from Holland, who are travelling about the world giving lectures on the Land of Dykes, spent Friday night with Mr. and Mrs. John Elliott, on the 2nd of Markham, and were in Richmond Hill, Saturday morning. As Mrs. Elliott is a Hollander the visit was made very pleasant. The elder brother, who is an artist and author, is gathering material for a book. The bright colors of the costumes which the party wore could not fail to attract attention.

#### Two Good Addresses

Rev. Ben Spence, of Toronto, a life-long worker in the cause, gave two excellent addresses in the Methodist Church last Sunday, bearing on the Temperance Question, and the Plebiscite to be taken on the 23rd of October. In the evening the address was particularly practical, and the speaker made out a strong case against loosening the laws along the lines of prohibition. The speaker contended that the O.T.A. was the best temperance measure we have ever had in Ontario, but the law had its weak points that must be strengthened.

#### Mr. Raney Writes on Subject of Plebiscite

"Are you in favor of prohibition?" should be the first, last and only question on the October plebiscite for the voters of Ontario to answer, is the opinion expressed Thursday, by Hon. W. E. Raney, former Attorney-General, in an open letter to Premier G. Howard Ferguson.

Mr. Raney says that to ask the electors whether they are in favor of the O.T.A. would be unfair, because "though the act has been strengthened at almost every session since 1916, it is still not a perfect law."

Continuing, the writer accuses the Government of attempting to evade responsibility by burdening the voter with innumerable questions on the ballot paper.

#### One Guess Only

Twenty-one years ago a certain manufacturer said, "I will build a motor car for the multitude."

"It shall be large enough for the family but small enough for the unskilled individual to easily operate and care for."

"It shall be light in weight, that it may be economical in maintenance."

"It will be built of honest materials—by the best workmen that money can hire—after the simplest designs that modern engineering can devise."

"It shall be low in price that a man of moderate means may own one."

To-day this manufacturer has built over ten million and a half of these cars. His name? We'll give you just one guess.

#### "The Ten Commandments"

The very great success that may be achieved by a really fine moving picture, presented in a thoroughly artistic manner, is demonstrated by the remarkable patronage of Cecil B. De Mille's dramatic spectacle, "The Ten Commandments" now being shown twice daily at Massey Hall, Toronto. The reason for this notable success of "The Ten Commandments" both here and elsewhere is simply that the film carries a story of very wide appeal, set forth in the most spectacular fashion of which the cinema art is capable, and that it is presented with the greatest care and with every possible adjunct to enhance the enjoyment of the spectator. To see "The Ten Commandments," and to hear the fine orchestral score performed by a group of thirty skilled musicians, is to enjoy motion picture presentation at its best. The engagement is limited and out of town visitors should order their seats in advance by mail order with remittance. The picture will not be shown elsewhere in Toronto during the present season excepting at Massey Hall.

#### How Accidents Happen

Accidents are being reported to the Workmen's Compensation Board of this Province at the rate of two hundred for each working day. Many people have the impression that accidents in industry involve contact with machinery but the statistics along this line do not bear out this fact.

One of the organizations of the Province interested in the question of accident prevention has made a survey of compensated accidents covering a twelve month period and their information shows the following causes of accidents: 1. Handling objects, 2. Falls of persons, 3. Falling objects, 4. Hand tools, 5. Mechanical, 6. Dangerous substances, 7. Stepping on or striking against objects, 8. Flying objects, 9. Physical failures, 10. Moving vehicles and 11. All others. These causes are listed in their order of precedence. It will be seen, therefore, that the mechanical accidents are greatly outnumbered by the various other types, handling material being the outstanding cause of most accidents.

These facts naturally suggest the thought that a little more care on the part of those engaged in industry would mean that each year we should have a smaller crop of accidents. This would surely be a good thing for the people of Ontario.
