Premier Ferguson when asked on Tuesday "When will the O. T. A. plebiscite questions be available for the public?" replied, "Just as soon as I get time, I am going to sit down and think them out, I am going to keep my promise." An interested public is anxious to know the date, as October 23, the time for taking the vote is dangerously near.

The Premier of Canada has challenged the Leader of the Opposition to make good the charge that 1000 factories have closed in consequence of the tariff. Said Premier King at St. Catharines "I don't believe Mr. Meighen has a list of 100 factories." Mr. King says he expects criticism, but any government is entitled to fair criticism.

In a speech before the Orange Luncheon Club a few days ago in Toronto, Rev. Frank Norris, of Texas, paid a tribute to the Ku Klux Klan for its opposition to the Roman Catholic Church. The speaker prophesied that in the next presidential election the issue would be Catholic vs. Non-Catholic. The sentiments expressed by the Rev. gentleman were scarcely in accord with those feelings we generally hear from a public platform—brotherhood and good-will.

Liberals won both by-elections in Quebec constituencies on Tuesday. In Rimouski the Conservative candidate was defeated by nearly 2000 of a majority, and in St. Antoine the Liberal was returned by over 1,000. The result is considered a victory for the Robb tariff policy and the Mackenzie King Government. As a rule the Province of Quebec inclines to Protection, but evidently the electors in the above ridings think that the middle course is preferable for the country as a whole.

Another death has been reported from the eating of mushrooms or toadstools, and another family saddened by the work of the poisonous fungi. An evening paper has given a number of rules in order to avoid certain forms of fungi which contain deadly poison. One of the rules reads thus: "Avoid all mushrooms which are distinctly acrid or biting or have a bitter taste." In other words, eat the mushroom to find out whether it is poisonous or not. Better advice would be to have nothing to do with the rubbish.

"THE BONUS SYSTEM"

The Country Publisher, a monthly published in Winnipeg, is a welcome visitor in many printing offices and as a rule the advice given printers is particularly helpful. Its article, however, in the September number, recommending a bonus system, in our opinion would not be wise. The editor of that paper contends that "rewards for increased effort make loyal workmen"—"Promise him something additional for increased performance and you arouse his energy to do his best."

Of course printers are not all the same, but we can honestly say our experience has been that the great majority of printers are strictly loyal, and to offer them a bonus would seem like an insult to men who already are doing their best. No, Mr. Publisher, we do not think the bonus system would be a good innovation in a printing office.

VICTORIA SQUARE

Sunday, August 30th was undoubtedly the warmest day of the summer. But notwithstanding this fact, and the torrid nature of the atmosphere in the Methodist Church here on that date, Merton B. was able to maintain a cheerful smile throughout the entire service.

Two young ladies recently came to this community on vacation. We would hasten to make them welcome, but hesitate, knowing that two young gentlemen are acquitting themselves valiantly. We fear however that the re opening of school will terminate their little pleasantries rather abruptly.

The baseball season is fast drawing to a close. Everyone here wonders just when the game will be played that will decide definitely the winner of the pennant for the first half of the Hills-Square schedule.

The Richmond Hill Ladies baseball team failed to retrieve their lost fortunes in baseball, when they played the return game with the Victoria Square ladies, at the latter grounds, on Friday evening. Although the score card developed a lop-sided appearance, a fine sporting spirit was displayed to the finish.

Not satisfied with their win on Friday evening, the ladies essayed to go to Buttonville, Saturday. In this

instance however, some evil rumor must have preceded them, as several of Buttonville's lady baseball fanatics remained discreetly at home. The result—no game.

Miss Ethel Mortson spent the weekend in Toronto.

THORNHILL

All arrangements are being made for the annual exhibit of flowers and vegetables in connection with the Thornhill Horticultural Society, next Saturday afternoon and evening. The exhibition will be held at the Public School where there will be a ladies tennis tournament; ladies and men's soft ball; music and community singing etc. Tea will be served. Everybody invited.

First Aid to the Rescue

It is not only telephone men who benefit by the careful training they undergo in First Aid methods. Time and again it has happened that accidents to all sorts of people have occurred when quick-thinking linemen were working near by and they have taken charge of the situation to the saving of many lives. Here, little Johnny Jackson has been taken in hand after having fallen while on his way home with a bottle of milk. The broken glass made a nasty gash, and Johnny's mother in a grateful letter to the telephone boys who rendered First Aid said: "Thanks to your skilful handling we do not anticipate any bad results. But for your prompt aid Johnny might have bled to death."

Section lineman G. M. Farel of Montreal the other revived a swimmer who had been rescued unconscious from the water. Section lineman Archie Bryant at London plunged into a burning house and saved a baby from death. Inspector Frank P. Bone at Montreal staunch the flow of blood from a severed artery for a hotel employee who had fallen through a skylight into a dark shaft. Lineman Daly of Sundridge rendered first aid to a man and his daughter whose vehicle had been struck by a train, driving them to the nearest doctor. At Exeter, lineman Hatfield by timely first aid to victims of an overturned automobile saved the life of a boy occupant.
