In referring to the acquittal of Father Delorme by a jury, the Evening Telegram of Monday says that "Canada is not a free country, but a pupal state." Also that "there are not three newspapers in Canada that dare describe, much less denounce, the Delorme travesty on British justice." Apparently, there is only one other beside the Telegram. That other, no doubt, is Jack Canuck.

Re Government Breweries

The following resolution, signed by Charles Perry, President; and Henry Moyle, Secretary, was passed by the Richmond Hill Farmers' Association at a meeting held last Friday evening:

"The press of to-day informs us that during the past year or two, a number of brewing and distilling companies have been licensed by the Dominion Government with the approved endorsement of the Hon. Jacques Bureau, minister of customs and excise. That we herewith send a protest to the farmers' convention, at Toronto, at their annual gathering in December and also to the Hon. Jacques Bureau, minister of customs and excise."

MAPLE

The fowl supper in connection with the Methodist Church was a great success. An excellent programme was given in the Community hall, by the orchestra of Dunn Avenue Methodist S. S. A social was held on Wednesday evening and the proceeds of the re-opening services on Sunday, and the social amounted to over \$400.

Cheap Power FROM Good Windmills

TORONTO

Running Water!

When and Where You Want It

On any farm of average size at least one hour a day—36½ ten hour working days a year—are spent in the irksome, wearying task of pumping water. 36½ days which one of my Toronto Windmills will give you for profitable work, rest or recreation—besides supplying running water wherever you want it.

The one bothersome task, that of oiling the windmill in all kinds of weather, is overcome in the Toronto Self-Oiler, which requires fresh oil only "once a year." Friction and wear are practically abolished. Toronto windmills, too, can be made absolutely self-regulating in operation.

The "Toronto" Tower will stand for a lifetime because it is the heaviest, strongest and best-braced one built for any windmill. Let me explain why I believe this is one of the biggest conveniences you can have.
