**"As indispensable  
as the Telephone"**

"As indispensable as the Telephone" is now a favourite slogan used by many large manufacturers in their advertising, when describing their goods.

A frank recognition that speed of communication is the most vital factor in expanding business and social life.

Indeed, a firm's position in the business world may be fairly judged by the extent to which it uses the telephone—and especially Long Distance.

We now handle an average of over 41,000 Long Distance calls a day.

Costs a family less than 2% of its annual outlay

Allison, Bailiff, the following valuable property, namely:—

- 1 threshing engine, McDonald
- 1 separator, Sawyer-Massey
- 1 clover mill, Oshawa
- 1 corn cutter, Lizzard
- 1 water tank

Terms: cash.

For further information and particulars, and conditions of sale apply to Naughton & Jenkins, 85 Richmond Street, West, Toronto, Solicitors for the Mortgagee. 49-50

**Public Meeting  
Vote for the By-Laws**

The meeting called by the Council for Thursday night last, to discuss the questions to be voted on, on June 15th, was not as well attended as might be expected, when such important subjects as Electric Lighting and Power and Fire Protection, were the matters under discussion.

Reeve Trench in the chair, opened the meeting, explaining the reason for calling the Ratepayers together, and suggested the discussion of the Electric question, and introduced Mr. Jeffrey of the Hydro-Electric. Mr. Jeffrey explained that the contract for supplying electricity had expired seven years ago, and a new contract had not been entered into at that time, and for the past three years the supply had come through the Hydro Electric Commission. The speaker explained Electricity was supplied for three purposes, Domestic, Power, and Street Lighting, and whilst one or two of these might be decreased, perhaps the other might be increased. The current would be supplied at cost and a strict account would be kept of amount used under each heading, and thus the rate to subscribers would be arrived at. He estimated the charge would be at the rate of \$40.00 per H.P. per year, and if this was found too much a refund would be made, and if too little, what is termed a thirteenth bill would be presented for payment. The rates are all regulated by the Government, through Legislation passed by them, and operated through the Power Commission, consisting of 3 men, two of whom belong to the Government. The speaker estimated the cost practically the same as paid now. The contract if signed, would last for thirty years, at end of which it is estimated that every Municipality would own its plant, and of course power from that time would be at a very low cost.

If on the other hand, power might be supplied to the Municipality on a yearly basis, but in such case there would be no participation in profits. The speaker also spoke about operating a steam plant in Toronto to increase the supply. If the contract is not signed, which would probably be the result if the question is defeated, then we would be at the mercy of the Hydro, and if there happened to be a shortage of power, such Municipality would be the first to suffer and might not be supported by them at all, which means our own plant entirely out of the question at this time of debenture debt, or revert to the old time coal-oil lamps which would be, to say the least a retrograde step and very disagreeable. Questions were asked by Mrs. Perry, Messrs Nicholls, Trench, Pugsley, Edean, Cowie and others and all very satisfactorily answered. Mr. Stocking, also of the Hydro, spoke very briefly and answered some intricate questions. We think it would be a serious mistake and very regrettable should this question be defeated and all the Ratepayers should endeavor to cast their ballot for the By-Law.

The question to provide more adequate fire protection by providing a Motor Truck, to cost in the neighborhood of \$2700 which would mean about 1 mill additional tax on our present assessment for ten years was discussed. Mr. Lewis, Provincial Fire Marshal, spoke very effectively for better protection. Whilst we had a good water supply, an auxiliary such as a motor truck which would carry seven hundred feet of hose, a triple pump, ladders and chemical tanks could be at a fire in the remotest part of the Village in a very few minutes and although our Brigade is of the best, the men would arrive fresh for action which could not be after running and hauling the hose reels and other fire apparatus, and the moments saved in nearly every case would extinguish the fire before it had got fairly going. The pump carried could be attached to the mains and thus relieve the pressure, and not endanger the bursting of the mains as in case of a large conflagration might be the result. Some members of the Council advocated delay until such time as it could be paid for without issuing further debentures. Mr. Lewis explained that the Council has the power to pass a By-Law without the consent of the ratepayers, for fire protection to the extent of \$20,000. Mr. H. Mills, Fire Chief, also spoke very forcibly and to the point, and showed very clearly the necessity of further protection. As an old Toronto fireman Mr. Mills is well versed in everything which pertains to fires and fire protection and his advice to carry this question should be followed on the 15th.

The third question, Daylight Saving was hardly touched upon, the opinion being, with five responsible men in the Council, the matter should have been decided in Council. None of us are in love with Daylight Saving but when the Metropolitan, Toronto, and all our industries are following Daylight Saving, surely as good citizens we should throw to one side our personal feelings and cheerfully throw in our lot with at least the industries end, and in this way show our appreciation of their services, and if the By-Law is carried you will have the blessing of many a mother who at the present has to get ready so many extra meals. The speakers were thanked for the splendid manner in which the several matters were dealt with. It now rests with the voters who it is hoped will turn out in large numbers and exercise their franchise.

**Rural Play Competition**

The first rural Play Competition to be put on in York County will be held in the Masonic Hall, Richmond Hill, June 18th.

Three different communities will take part in this competition which is a part of the York County Junior Farmers' Programme for 1925, the idea being to take advantage of the competition spirit existing between the different communities, giving them a chance to display their talents along the line of Amateur Theatricals, and also to carry on Educational work in this branch of their activities.

The clubs taking part are  
Victoria Square—"The Teeth of the Gift Horse."  
Ellesmere Community Club—"The Ghost Story."  
Woodbridge Club—"Just Like a Woman."

These plays are all one Act Comedies. Besides the plays each community is also contributing musical and vocal talent between the acts, which along with the Theatrical performances, should go to make up a very interesting and amusing evening's entertainment.

**VICTORIA SQUARE**

On Saturday evening, June 6th, a very pleasing event took place at the Brumwell home, it being the occasion of the farewell extended by the church, the choir the J.S. and neighbors of the community. The evening and surroundings were ideal. The soft light of the mellow June moon mingled with the lights from the long windows lit up a corner of the large lawn, and the cool breeze made the night pleasant after the heat of the day. Rev. Mr. Warren presided over the short program and those seated or standing around enjoyed the same. Mr. Warren spoke of the changes that occur from time to time, and of the worth of good homes, also of the esteem in which Mrs. Brumwell, Mrs. Brown and Miss Marguerite are held by the community. "We can do without our relatives but cannot do without our friends" said he. Short speeches were made by E. J. Hitchcock, Ross, Klinek and Louis Nichols, concurring in what Mr. Warren had said about our friends. Miss Laura Gee contributed piano solos, and Miss M. McCague sang. At the close of the program Russell Boynton read a very suitable address and Misses Mae Meek and Evelyn Gee presented the family with a beautiful electric reading lamp, as a token of friendship, respect and remembrance. Miss Marguerite Brown responded in well chosen words, thanking their friends for their kindness and good will. Then lunch was served and a social hour spent. The best of wishes is extended by this vicinity to our friends in the new home in Richmond Hill.

Miss Ethel Mortson is visiting with the Reynars in Detroit.

Will Freeland is ready for business with his Ford Truck. The next big event is the picnic.

The Sunday School classes of Mr. Lyon and Miss Ella Nichols motored to Bethesda on Sunday afternoon, in acceptance of an invitation received some time ago.

**IN MEMORIAM**

**CURTIS**—In loving memory of Leonard Curtis who left this world June 11, 1923.

I often look at your photo dear Leonard, as it hangs on the wall;  
For it brings back happy days to me, and the face backs gently fall.  
Yet when I look at you sometimes, It seems you smile and say,  
Do not weep for me, dear mo her, We shall meet again some day.

Ever remembered by his mother and sisters. Gone but not forgotten.

**The Mill**

We have good values in feeds, for you, Mr. Bayer. Flour, Monarch, purity and Aurora Belle, at right prices. Stock and Poultry feeds, grits and shells. Baled hay and straw. Car of oats just unloaded, (40 lbs. per bushel).

I. D. RAMER**

**THORNHILL**

A special service is to be held in the United Church, formerly the Methodist church, Thornhill, next Sunday at 3 p.m. (daylight saving time.) The purpose of the gathering will be to mark the consummation of the great Church Union Movement in Canada and also the amalgamation of the Methodist congregation and the Presbyterian Unionists of Thornhill. All other services of the church have been cancelled for the day. One of Toronto's most brilliant preachers, Rev. R. S. Laidlaw, D.D., pastor of High Park Presbyterian church, will be the preacher, and Mr. Leslie, choir-leader, of College St. Presbyterian church and some of his choir will help in the musical part of the service. A cordial invitation is extended to everybody.
